Something struck him one bright morning...the bug to strike out on his own and give up the school teaching profession for a try at handling horses.

Bill has little to say about his first ventures into the new form of livelihood but then he bought an aged mare, Fanny Mite, who had a world of speed but also a history of lameness.

Fanny also had quite a bit of trouble with the turns on half-mile tracks and Bill corrected that by going only to five eighth mile ovals such as Hazel Park, Windsor Raceway and plants in Chicago and New York.

I become somewhat chagrined when I observe the court antices of some of our junior (and senior) players during the course of a match. It is not unusual to see stompling of feet, smashing balls but of court and even racket, throwing. These are the marks of immature, in secure individuals.

It is almost impossible to concentrate on the next shot when you're still thinking about the last mistake you made. You have to 'keep your cool'' if you want to be a winner.

Chew tobacco! (The taste will make you forget everything else.)
Talk positively to yoursel!! (I will not make the same, stupid mistake again!)
Choose a new vocabulary. (Shucks, darn, goodness, gracious, phooey)

Registering a hole-in-one is tetting to be an annual affair

Registering a hole-in-one is getting to be an annual affair for Mike Husing. Playing at Brooklane Monday afternoon he sank his tee shot on the 135-yard No. 16 hole while using an eight iron. It was almost a duplicate of the ace he posted last year at the Don Rovin course where his tee shot found the cup on No. 3.

Stop play and rette your shose! (Careful you don't tie them together)
