

# Mr. and Mrs. John Public Approve Modern Services

How times change is told elsewhere in this issue of The Enterprise in a letter received by Emory Hatton. Additional evidence of the changes that take place every day is told in the advertisements of this week's Enterprise.

Economical motoring, a dream realized during this generation, is proved by the performance of the new Ford 60-horsepower V-8. One of the chief aims of the Farmington State Bank is the unbuilding and progress of the welfare of the

building or repairing their homes. Farmers find the products of Farmington Mills of the highest quality and are aided in the problem of feeding their stock by the wide variety of feeds sold by the Farmington Mills.

With the speed of modern times always a problem to housewives, the fast cooking by gas is a service offered by the gas ranges shown by the Consumers Power company. Motoring problems find their ready solution by the services of Burnett Bros. filling station. Hatton's Farmington Hardware are now offering bargain prices on many of the household necessities.

For the Easter parade a complete line of new spring dress materials is being shown at the store of Fred L. Cook and Co. Von Burg's jewelry store in Redford are offering nationally known makes of beautiful watches. Announcement is made of the used-car bargains being offered by Checketts Motor Sales, Farmington representatives of Pontiac motor cars. Electric

ranges are featured in the offering made by the Detroit Edison Co.

## LOCALS

Marilyn and Audrey Vivier were hostesses to 15 friends at a party Wednesday, Marilyn's birthday anniversary.

## Epworth League News

By Douglas Parker

Final plans are being completed for the league's annual sunrise breakfast service on Easter morning. Weather permitting, the service will be held at Cass, Benton Park, out of doors. In case of inclement weather, the breakfast will take place in the church basement. This event is one of the most impressive and most enjoyable portions of the league's activities and all members will find it worth their while to attend. Reverend Stubbs is in charge of arrangements.

Miss Edith Smith will be in charge of the meeting next Sunday. Although she is rather hesitant about divulging the nature of her address, we feel sure that it will be very interesting. It is hoped that a crowd as large as usual will be in attendance.

Fifty-three leaguers were present last Sunday to hear Charles Wellington's excellent address, "Finding Christ Through Music". League members are urged to boost the sale of tickets for our coming league play, "Sound Your Horn". . . . Proceeds will be used for our missionary pledge. . . . A group of 38 leaguers was on hand to make the trip to Ann Arbor last Friday for our annual rally. . . . And everyone had a rousing good time. . . . Those who are interested will be glad to know that the mid-year league institute will be held in May this year, at Albion.

"Captain Blueblood"

# You Can Cook FASTER With GAS—

The modern gas range with hi-speed, non-clog burners and insulated oven bring new cleanliness to your kitchen.

Gas is the FASTEST cooking fuel. New non-clog burners bring you a thousand even heats—all put into ACTION by the turn of a valve.

Fully insulated oven and broiler not only keep the kitchen COOL, but bring you savings in gas used, and food shrinkage.

Gas cooks foods faster, better and cheaper. It gives instant heat, higher speed from low simmer to hot fast fire and a thousand even heats in between that only GAS can provide, giving a finer flavor to all cooking.

The new high-speed broiler and improved top burners of modern gas ranges play an important part, too, in producing more delicious meals in less time at less cost.

# FREE TRIAL IN YOUR HOME

Here is our Free trial offer made to let you try one of these beautiful modern ranges right in your own home.

Without any obligation whatsoever, we'll install a New A.B. or Detroit Jewel model in your home. Try it yourself, prepare your delectable meals, see how it broils, bakes, fries, etc. Then if you are thoroughly satisfied and decide that you want to keep the stove you can pay for it for as little as 10c a day.
