**Biggest Circus Features "India"**

The Ringling Bros. and Barnum & Bailey combined circus, known the world over as The Greatest Show on Earth, making its 1937 tour with a seven-ring-and-stage program of which it is unusually proud and featuring a new and dazzling introductory spectacle, India, will positively exhibit in Detroit Sunday, July 18, Monday, July 19, and Tuesday July 20.

With 2000 people and animals participating in its brilliant pageantry, India fills the world's largest big top with moving color, flashing gems, costly habiliments, gorgeous robes and headresses, rare fabrics, ornate floats, dazzling banners in a panorama of ineffable beauty. It surpasses all previous spectacles in every respect.

**HOW NEW YORK FAIR MOVES BIG TREES BY HUNDREDS**

**NEW YORK (Special).**—As the housewife repots geraniums or the gardener moves berry bushes, so does the New York World's Fair 1939 Corporation transplant stately trees from five states to the 1216-acre exposition site. The Fair's landscape engineers explain that the moving of the big trees differs from the replanting of small shrubs only in the matter of size, and that modern mechanical aids make possible the creation of a mature-looking park on the newly made land of Flushing Meadows.

Shown at the top of accompanying photographs is a grown maple that has just been restored to upright position after a 120-mile ride on a specially-built truck. Note truck's winch and the secure balling of earth about the tree roots. In the center is a 35-foot Norway maple, 12 tons weight, moving the last few yards to its new home by means of the forward gear of a modern tree mover. All trees shown, a number of the 474 veterans moved this spring, are new to the great expanse of filled land. The Fair will move 10,000 trees and 250,000 shrubs.

Shown, just above, on the bay hunter is Harvey D. Gibson, President of the Manufacturers Trust Company and Chairman of the Fair's Finance Committee. Up on the handsome grey and speaking to a landscape engineer is Grover Whalen, President of the Fair Corporation, during a horseback tour of the site extending three and one-half miles.

This service will be so conducted as to provide for both the Worship Service and the Sunday School Service. Because of our picnic there will be just the one service. You are very cordially invited to attend this service.  
Following the Worship hour everyone is invited to go with us to the picnic grounds joining the Glen Eden cemetery. The committee on arrangements announce that the noon-lunch will be a basket dinner. The committee further states that there will be games, races and various other entertainment throughout the afternoon, so plan to come with us for this period of social activity.  
Important. Mr. Gerds, the Sunday School superintendent, along with the teachers and officers,

wish to conduct the Sunday School service before the Worship hour, thus making the time 8:30 a. m. to 11 a. m., at least, purpose to use this plan during the summer months. As there will be no Sunday School this Sunday, the above arrangement will go into effect July 25th. Please note the change.

**Oakland County Fair Dates Are Set**

August 11-12-13-14 have been set aside as dates of the Annual Oakland County Fair at Milford. The association has been reorganized and by a changed policy, inaugurated this year, there will be no admission to the grounds, in spite of this fact more money will be spent for entertainment and premiums than for several years. The association is confident that this will be one of the best county fairs in Michigan.

Horse racing, ball games, thrilling platform acts, comedy, band concerts, pony races, stunts, fine exhibits of livestock, and farm products, horse-pulling contest, a clean midway and all the things that go to make a country fair will be at the Oakland County exhibition at Milford. Remember—the dates—August 11-12-13-14.

**Sticker Deadline To Stop Many Cars**

Several thousand owners of motor vehicles will be barred from driving in the streets and highways of Michigan on Sunday, August 1, because they delayed too long to buy 1937 license plates to replace their half-year "stickers". It is estimated by Leon D. Case, Secretary of State.

It has been computed that by July 16, with only 10 working days remaining before August 1—the "sticker deadline"—about 375,000 motor vehicles will still be equipped with stickers which their owners plan to replace with 1937 plates by August 1. This takes into consideration cars which will be junked when stickers expire, together with stickers already replaced with plates.

Case points out that it would tax the facilities of the Department and its 150 branch offices throughout the state to issue an average of 37,500 sets of plates daily, in the time then remaining, even if applications were made at that rate.
