V-8 ENGINE COMES IN TWO SIZES

Come In and Try Them Both It's one car in size and comfort-this 1937

Ford V-8-but the famous V-type 8-cylinder engine that powers it is available in two sizes. If you want the very top in performance speed,

flash, pick-up and power-the 85-horsepower size is your meat. If you want the best operating economy you can find any place, the 60-

horsepower size is right down your alley. We'd like you to drive them both-before you make up your mind to buy any car at any price.
