SURPRISING EXPLOITS OF AN ENGLISH EX-RECTOR—How he led a blameless life until around 60, then made ardent love to pretty working girls, went around in a barrel, starred in a glass coffin and finally made the fatal mistake of stepping on a lion's paw while playing "Daniel in the Lions' Den," is told in an article in The American Weekly, the great weekly magazine with the August 29 issue of The Detroit Times.

Mr. and Mrs. A. E. Phelps of Pontiac, Miss Mable Duckering of Holly and Milton Bobler of Flint were Saturday night guests at the home of John and Mrs. Walters. Floyd Snyder of Detroit was the Monday over night guest at the home of his mother, Mrs. J. B. Snyder.

Louis and Mrs. White and Joe and Mrs. Gravin returned Tuesday evening from a week's fishing trip at Covington.

Mr. and Mrs. John Walters were Sunday afternoon guests at the home of Glorice Walters in Detroit. Mrs. James B. Snyder entertained as her Sunday guests, Ernest and Mrs. Edwards of Detroit.

Walled Lake Schools Convene

(Continued from Page 1)

Principal will instruct classes in science. The Union Lake School faculty includes: Leona Miller, second grade; Grace German, third and fourth grades; and Elsie Rinke, fifth and sixth grades.

Urged to Bring in Used Books—In response to a request by Superintendent Hoffman that the patrons bring in the used books for the issuing of credit slips this week, a very large supply of books are coming in. The books will be priced and made ready for sale the last three days of next week when the students of the four upper grades are asked to enroll at the superintendent's office. Only the ninth, tenth, eleventh and twelfth grades students are asked to appear ahead of time and check over their credits and be advised as to the proper courses for them to take. The work of the lower grades is so uniform that this is not necessary.

Any patrons may purchase new or used books for any of the grades at either building during these three days. Patrons having children only in the six grades at Union Lake may purchase books at that school on the opening day. All patrons of either school particularly desirous of purchasing used books should come to the book store in the Walled Lake building, Thursday, September 2, as the supply of books is always short of the needed number.

Age Limit Set—By resolution of the board of education, no child will be classified who is less than five years of age on September 7, 1937. Most of the patrons of consolidated schools have found it best to start their children when nearer six than five years of age.

Roads to be Built on Matched-Fund Basis

A new construction era faces the Michigan local road system today.

For the first time in the history of the state, a program is being drafted for building local roads on a matched-fund basis. The \$1,557,412 secondary road program, just announced by the state highway department, provides that \$1,136,912 be spent on county roads with the Federal government furnishing half the costs and the counties the other half.

In reality the program is an extension of the principle of Federal aid construction to the local road system. Except for an interruption during the depression, state highway departments have been operating under the matched fund plan for years.

Murray D. Van Wagoner, state highway commissioner, has applied this principle to a limited extent on previous local-road construction. When Federal funds have been made available for local improvements, the commissioner

has looked with favor upon projects where local authorities agreed to participate in the cost. This is the first instance, however, of an entire local road program drafted on the Federal aid plan.

The new program will also provide higher standards of construction than heretofore practiced in some of the counties. The entire program will be under the supervision of the state highway department with state specifications and standards used.

Minimum allocations of these funds to the counties are expected to be drawn up within the next two weeks. It is probable that a formula based upon population, area and local road mileage, which is similar to that used in awarding the money to the states, will guide the allocations.

Commissioner Van Wagoner expects actual construction on this program to get under way early in the fall.

Justice is the first of the virtues, for, unsupported by justice, valor is good for nothing; and if all men were just, there would be no need of valor.—Agesilaus II.

That ye might walk worthy of the Lord unto all pleasing, being fruitful in every good work, and increasing in the knowledge of God.—Col. 1:10.

If God, the All-in-all, be creator of the spiritual universe, including man, then everything entitled to a classification as truth, or Science, must be comprised in a knowledge or understanding of God, for there can be nothing beyond the illimitable divinity.—Mary Baker Eddy.

No man can justly censure or condemn another, because no man truly knows another.—Sir Thomas Browne.
