Nice Fresh Babies...79c a Pound

SEVERAL of the world's leading nations have put bounties on babies.

They are not hypocritical or evasive about the reason behind this golden impetus to breeding. They want more babies now for bigger armies later. . . babies to be fattened up for sixteen or seventeen years, then delivered on the hot floor of slaughter!

So breed, Mother, breed for the glory of your heroic leaders. Take good care of that cuddly baby. Mother, so he'll grow up big and strong and the butchers will be pleased with him. And be thankful.

Mother, for your great privilege of producing a son whose destiny it is to be blown to hell!

... ..

This baby-bounty business is one of the more revolting indications of the war insanity that afflicts the world today. We may consider ourselves here in America as removed from it all... as determined to stay out... as wanting only peace.

But war insanity is a horribly infectious disease. And it war breaks out any place in the world, will find it terribly difficult to stay out—despite all our present high-sounding talk of neutrality.

That's why an immediate, constant, and aggressive campaign for peace is so essential.

World Peaceways is conducting such a campaign. It is supplying information on what the people of the United States can do to keep out of the conflict in the Far East and out of Europe.

It's a monumental job that needs the help of everyone. If you have been wanting to play a part in this drive against our being dragged into another foreign war, please write at once for information on what to do about it. Write to World Peaceways, 703 Park Avenue, New York City.

LOCALS

Miss Marguerite Moore of Lansing and Murray Moore of Detroit have been spending the past two weeks on vacation with their parents, Mr. and Mrs. Harry Moore.

Edward and Mrs. Eaton and niece, Miss Patty Boyd of Detroit, were Sunday evening supper guests of Robert and Mrs. Burns and family.

Ralph and Mrs. Auten motored to Flint Sunday evening, taking home their house guest, Miss Mable Brandt. Later in the evening they visited at the home of Mr. Auten's mother, Mrs. James Auten, of Orionville.

Mr. and Mrs. Allen Brooks of Flint were week end guests at the home of Mr. and Mrs. W. C. Carpenter. Mrs. Brooks is a sister of Mrs. Carpenter.

The Oakland County Association of O. E. S. will be guests of the Orionville Chapter on Friday, October 3. All members desiring transportation are asked to call Mrs. Loretta Cox.

The Sunshine Harmony Circle of the M. E. Church will meet at the home of Mrs. A. L. Ross, Thursday, October 7, at one o'clock. Dessert luncheon will be served.

Miss Olive Grimwold left Monday for Grace Nursing Home, where she is going into training.

Doctors to Gather at Tuberculosis Meeting

Indications continued this week that the thirtieth anniversary meeting of the Michigan Tuberculosis Association at Detroit's Hotel Spauld, Monday, October 11th, would be featured by the presence of as distinguished a group of anti-tuberculosis and public health leaders as has ever gathered in the state. Prominent, too, in the week's developments was the announcement that the Wayne County Medical Society had joined the Michigan Sanatorium Association and the Michigan Trudeau Society as co-sponsors with the Association of the anniversary celebration. The Society has announced to its membership that participation in the observance of the Association's thirtieth birthday would be in lieu of the organization's regular October meeting.

Highlighting the entire program will be the appearance as principal speaker at the dinner-meeting planned, of Dr. J. Harley Williams, medical commissioner of the National Association for the Prevention of Tuberculosis in Great Britain. Dr. Williams is the author of the well-known text entitled "A Century of Public Health in England." He has been a voluminous writer on medical topics, particularly on tuberculosis. He has spoken on tuberculosis in practically every nook and corner of England, Scotland and Wales.

Dr. J. A. Myers, president of the National Tuberculosis Association and one of the country's outstanding researchers on tuberculosis, will also attend, as will Dr. Philip T. Jacobs, director of publications and extension work for the National Tuberculosis Association. Dr. Jacobs will speak on "Tuberculosis Eradication or Control—A Look into the Future."

Also in attendance will be Paul deKruif, dynamic and popular writer on public health. Dr. Henry Vaughan, Detroit Commissioner of Health, will tell of the part Michigan's three new tuberculosis laws are expected to play in the state's

fight against the 'White Plague.' Dr. John Alexander, world famed chest surgeon from the University Hospital at Ann Arbor, is another of the notable names that stud the program.

The Michigan Tuberculosis Association is planning special honor for the still-living founders of the organization.

Three construction and civil engineers of the Japanese Government Railways, T. Nobusawa, T. Hamachi and K. Ishida, visited the site of San Francisco's 1939 Exposition on San Francisco Bay recently and marveled at the 400 acre man-made island and the construction obstacles that had been overcome.

Members of the Future Farmers of America and the 4-H Club in this locality, attended a show at the Walled Lake school, Thursday, sponsored by the agriculture leaders.

Arthur Heikert is out of school this week, due to illness.

Miss Thelma Graham is in the hospital as a result of an automobile accident Saturday evening, at Dequindre and Maple road.

Mr. and Mrs. Starr Graham and daughters Donna and Wenda, Ivan and Mrs. Graham, Arthur and Mrs. Graham and Charles and Mrs. Heikert, and sons Richard and Starr spent Sunday in Webberville as the guests of Graham and Mrs. Giegler, who were celebrating their third wedding anniversary.

COUPLE WEDDED IN HAWAII BY MINISTER ON COAST

When Miss Frances Yerkes and H. D. Sundstrom were to be married recently in Honolulu, it was decided that Mr. Sundstrom's father, a Pasadena clergyman, should officiate—but Mr. Sundstrom was in California. A telephone call was the simple answer to the situation, and the Rev. Mr. Sundstrom read the ceremonies in California and heard the responses in Honolulu via the Bell System's regular radio telephone service.

P. C. No. 142
No. 36891-31
STATE OF MICHIGAN—The Probate Court for the County of Oakland.

In the Matter of the Estates of F. G. Jacobs, Chairman and disinterested persons, NOTICE IS HEREBY GIVEN that the administration of the estate of the above named persons, who have disappeared and have not been heard from for a continuous period of more than seven years, was on the 24th day of September, 1937, duly granted to Isadore L. Oakland County, by the order of this court upon the petition of Chas. A. Dovel, Public Administrator of the State of Michigan.

Notice is given and published in accordance with the schedule of the State of Michigan that said persons, their unknown heirs, devisees, legatees and assigns, and to all persons claiming by, through or under them, of the estate of said letters of administration.

It is ordered that this notice be published once in each week for three successive weeks in the Farmington Enterprise, a newspaper printed and published in said County of Oakland, and having a general circulation therein.

Dated July 23, 1937.
JAMES H. LYNN, Judge of Probate.

“Light Conditioning” helps to protect eyes YOUNG AND OLD!

The fast tempo of modern living has exacted an appalling penalty from human eyes. One child out of every five in our public schools, 40 college students in a hundred, and half the people over 35 have defective vision. We make demands on our eyes that were unheard of a century ago. Books, magazines, newspapers, cards, the movies . . . all lay heavy burdens on our eyesight. Today more than ever, we need to do everything in our power to protect priceless vision.

Light Conditioning helps to protect eyes young and old. The eyes of a child are immature and easily strained . . . they require frequent examinations and abundant light of good quality. Old eyes need more light because from middle age on, the pupil of the eye grows smaller and admits less light to the retina. The older people in your family need more light than the young people.

It is a simple matter to Light Condition your home. Without charge, one of our Home Lighting Advisers will measure your lighting with the 'Sight Meter,' and make recommendations for improved lighting for comfort and beauty. Phone for a survey of your lighting today.
