Farmington High School News

(Edited by the Journalism Class)

Art Class Working On Christmas Projects

The art class of Farmington High School is progressing nicely in its work. The students are making their own Christmas cards. These cards are made by first cutting out a design on a linoleum block and then stamping it on paper with ink. They also stamp greetings and names, or else write it on the card. The students who are doing this have spent much time and are doing good work. The art class is also making a Christmas window of transparent paper. They have painted over the transparent paper with many different colors so that the window looks like it was many different pieces of glass put together. They are intending to put this paper window over a real one and it makes it look very colorful. This is the first year that we have had this department in Farmington High School in several years, but the students who take the course are very enthused about it.

Girls Basketball Team Plays First Game

The newly organized girls' basketball team of Farmington High School played their first game of the season last Friday evening. The girls fought valiantly, but took a rather severe trouncing from the girls of Roosevelt High School, Keego Harbor. At the end of play, the score stood 36 to 12 in favor of the visitors. The girls' team, under the supervision of Mrs. White, has progressed rapidly since the beginning of the term and we are expecting much from them in the following months. Their next game will be against the Walled Lake girls' team on January 11.

KEEGO HARBOR DEFEATS F. H. S. IN FIRST GAME

By a score of 29 to 17, the Keego Harbor high school basketball team defeated Farmington Friday in the first game of the season. The game was played in the Farmington gymnasium before a crowd that packed the room to the point of suffocation.

The Green and White quintet took the lead in the first few minutes of play when they scored the first seven points of the game and held the advantage throughout the game. The Farmington five fought gamely, but were unable to come within 5 points of tying the score. The score at the end of the half was 19 to 6.

Victory was due to the superior guarding and team work. Schmitt was a Farmington player able to penetrate the strong defense of the Keego Harbor guards.

The Farmington quintet showed occasional flashes of fast team work, but the more consistent play of the Green and White could not be offset.

The Keego Harbor boys were very much larger than the local lads and it was a great advantage to the Green and White team.

Lineups
Farmington: D. Fournier, R. F. Hunt, Fultz, L. F. Lee, B. Walters, C. Turley, R. G. Fultz, R. G. Banfield, J. Hanes, L. G. Miller. Substitutes: Farmington, Snyder for Banfield, Keego Harbor, Futz for Fournier, Semper for Fultz, O'Dell for Walters, Simpson for Hanes.

GRADE NEWS

Kindergarten
Decorations are being made by the kindergarten for the Christmas tree they are going to have at their Christmas party, Wednesday, December 22.
The party will be in their room in the morning. In the afternoon they will have their Christmas names on them will be drawn and each child will give a ten cent gift to the person whose name he receives.

First Grade
The first graders have finished their first reading book. They are making various color of chains and other decorations for their Christmas program, which is to be held soon. Their room looks very bright and colorful with chains hanging from the ceiling and looking out the windows. You see and feel the spirit of Christmas as soon as you enter the room.

Third Grade
Some plays will be given by the third graders for their mothers on Tuesday, December 21, at 2 o'clock. This program is part of the study of Christmas stories, an observance which the children enjoy each year. The names of the plays to be given are "The First Christmas," "Santa Claus Junior" and "The French Story Piece."

Seventh Grade
The seventh grade girls have organized a basketball team and will play with the eighth grade girls. Mrs. Viola White is instructing them in the fundamentals of the game.

There are about fifteen seventh grade girls who practice Wednesday afternoons. There are also eighth grade girls, they practice Monday afternoons.

"CHRISTMAS NIGHT"

The stars shone up in Heaven. But a brighter star did shine O'er a little tiny building. Where the roses did entwine. And in the bay filled manager Lay the Christ Child small and sweet, And the wisemen and the shepherds Were kneeling at His feet. Mary, mother of the Babe, Sat smiling at them all. And Joseph, father of our King, Stood heteric, straight and tall. The years passed by and soon Our Lord was ready to arise, And reign up with His Father, In their kingdom in the skies. And now and then He's just the same, And eternally shall be, Merciful, and gracious, from Heaven to shining sea. —Paulotte Cambree

Mr. and Mrs. Donald Larson were the Wednesday evening dinner guests of Mr. and Mrs. Richard Russell in Detroit.

ADVERTISEMENTS Are Your Guides To Value
Experts can roughly estimate the value of a product by looking at it. More accurately, by handling and examining it. Its appearance, its texture, the "feel" and the balance of it, all mean something to their trained eyes and fingers.
But no one person can be an expert on steel, brass, wood, leather, foodstuffs, fabrics, and all of the material that makes up a list of personal purchases. And even experts are fooled, sometimes, by concealed flaws and imperfections.
There is a surer index of value than the sense of sight and touch... knowledge of the maker's name and for what it stands. Here is the most certain method, except that of actual use, for judging the value of any manufactured goods. Here is the only guarantee against careless workmanship, or use of shoddy materials.
This is one important reason why it pays to read advertisements and to buy advertised goods. The advertised product is worthy of your confidence.
Merchandise must be good or it couldn't be consistently Advertised.
