Studies conducted by the U. S. department of agriculture show flying speeds of from 50 to 60 miles per hour for mallard ducks which, when pressed, may be able to increase their speed possibly a third. Geese are able to accelerate very little.

Letters to the Editor MUST BE SIGNED.

**At The Redford Theatre**

Spencer Tracy, Clark Gable, Lionel Barrymore in "Test Pilot"

Spectacular flying, four stellar players and a four-star story provide startling entertainment in "Test Pilot" which opens at the Redford Theatre Sunday, and plays through Wednesday.

Clark Gable, Myrna Loy, Spencer Tracy and Lionel Barrymore head the cast of the first air picture produced by Metro-Goldwyn-Mayer in more than two years.

Director Victor Fleming has incorporated some of the most striking flying scenes yet seen in an aviation picture. The nature of the subject, dealing as it does with men who daily dare their lives in a duel with death, insures a world of thrills.

The story is that of a test pilot played by Gable. Without varying from factual experience, it tells exactly how one of these dare-devil lives, not sparing the man, but without showing that he is a

**MICHIGAN PHONE COMPANY PAYS \$1,500,000 TAXES**

Total tax bills of the Michigan Bell Telephone Company for 1932 amounted to \$5,008,000, an increase of 14 1/2%, or \$637,000, over the previous year, it was revealed at Lansing Thursday by Frank L. Hall, the company's tax attorney, when he handed a check for \$1,423,534 to State Auditor General George T. Gundry. The check represented one-half of the \$2,847,068 the Michigan Bell will pay into the state primary school fund; the other half to be paid before November 1.

The Michigan Bell Company's 1937 tax bill is divided as follows: To the State of Michigan, property tax, \$2,228,000; other taxes to the state, \$225,000; to the Federal Government, \$1,249,000; to others, principally municipalities, on property that is not at present used in operation of the telephone business, \$35,000.

The company's state property taxes constitute the largest payment by any public utility into the primary school fund, from which it will be returned to the 83 counties of the state in proportion to their school population, thus going directly into local school channels.

This tax bill amounted to \$3.05 per phone; the net operating revenue from one-third of the company's 631,614 telephones was required to meet the bill. The taxes amounted to \$536.00 per employee; were equal to 40% of the operating payroll; and accounted for more than 16% of the company's total expenses.

Under the Michigan law, telephone companies, and telegraph railway, express and car-loading companies pay taxes to the state, in lieu of local taxes, on property and plant used and useful in conducting their businesses, such taxes being placed in the primary school fund.

BEAVERS CAUSE DAMAGE TO PHONE LINES IN MAINE

Up in the Rangeley Lakes section of Maine, beavers are sometimes responsible for damage to telephone lines. Occasionally, in winter, telephone service from Rangeley to Stratton is interrupted when beavers fell trees and the trees drop across telephone lines and break the wires.

The Greatest Power on Earth Is the Printed Word.

**Eighth Church of Christ, Scientist**  
Detroit, Michigan

"Sacrament" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, July 10. The Golden Text, (1 Cor. 5: 8), is: "Let us keep the feast, not with old leaven, neither with the leaven of malice and wickedness; but with the unleavened bread of sincerity and truth."

Among the Bible citations in this passage (John 15: 12): "This is my commandment, That ye love one another, as I have loved you."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 25): "The divinity of Christ was made manifest in the humanity of Jesus."

Eighth Church of Christ, Scientist, Detroit, cordially invites you to attend its services Sunday morning and Wednesday evening. These are held in the auditorium of Redford High School, Grand River Avenue at Six Mile Road, pending completion of the new church edifice at Grand River and Evergreen Roads.

**Variety is the spice of MICHIGAN!**

Michigan offers just about everything you could want for your vacation: Lovely lakes and streams, forests and State Parks, resorts, beaches, camping sites, magnificent scenery. Here you can pick and choose to your heart's content... for here Nature has provided an infinite variety of vacation pleasures.

Michigan Bell Telephone Company

To be free from care... drive with care!

**PLEASE!**

**NEW YORK**—In the World of Tomorrow, there will be no such harsh, forbidding signs as "Keep off the Grass." At least the New York World's Fair 1939 has already introduced, on the Fair grounds, signs reading merely "Please." The young lady in the picture Miss Betty Rafferty is regarding the sign with genuine pleasure.

"I never liked those signs 'Keep off the Grass.' It is certainly a happy and considerate thought to use the one word 'Please.' Surely the public will both understand the meaning and will appreciate the friendliness of the request."

Many Use \$-Mark  
More than 25 countries besides the United States use the \$-mark to designate monetary denominations which vary, in American money value, from two cents to \$100. In Brazil, says Collier's Weekly, the \$-mark is employed in place of the decimal point. Thus one hundred reis is written \$100. And one million, or a thousand reis, is written \$1000.

**A Buying Guide**

Before you order a dinner in a restaurant, you consult the bill-of-fare. Before you take a long trip by motor-car, you pour over road maps. Before you start out on a shopping trip, you should consult the advertisements in The Enterprise. For the same reasons!

The advertising columns are a buying guide to you in the purchase of everything you need—including amusements! A guide that saves your time and conserves your energy; that saves useless steps and guards against false ones that put S-T-R-E-T-C-H in family budgets.

The advertisements in this paper are so interesting, it is difficult to see how anyone could overlook them... fail to profit by them. Just check with yourself and be sure that you are reading the advertisements regularly—the big ones and the little ones. It is time well spent... always.

Avoid Time-Wasting, Money-Wasting Detours On The Road To Merchandise Value. Read The Advertising "Road Maps"
