Among the Bible citations in this passage (I Cor. 3:16): "Know ye not that ye are the temple of God, and that the Spirit of God dwelleth in you?"

Correlative passages to be read from the Christian Science text-book, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 10): "Entirely separate from the belief and dream of material living, is the life divine, revealing spiritual understanding and the consciousness of man's dominion over the whole earth."

Redford Gospel Tabernacle
18900 Lasher Road

Sunday School, 10:00 a. m.
Pentecostal prayer and praise service, 11:00 a. m.

Evangelistic service, 7:45 p. m.
All are welcome regardless of circumstances.
100% Pentecost.

First Baptist Church
Gilbert A. Miles, Pastor

Sunday School—11:00 A. M.

Please note the change in time; services beginning one-half hour earlier than before.

The honest man must keep faith with himself; his sheet anchor is sincerity.—Emerson.

Boy Scouts Accept 35,857 Acres in Kit Carson Country From Mr. and Mrs. Waite Phillips

Boy Scouts of America will enjoy wilderness camping on the new 35,857-acre tract in New Mexico's Kit Carson country, gift of Mr. and Mrs. Waite Phillips of Tulsa, Okla.

A GIFT from Mr. and Mrs. Waite Phillips, Tulsa, Okla., of 35,857 acres of land, five miles northwest of Cimarron, New Mexico, and \$50,000 to be used in improving and developing the land for camping purposes, has just been accepted by the Executive Board of the National Council, Boy Scouts of America.

When he made this announcement, Walter W. Head, President of the Boy Scouts of America, said, "Mr. Phillips offered the property without any restriction whatsoever save that it is to be used for the benefit of members of the Scout Movement. As a matter of fact, he specifically stated, 'If this proposal were being made to any other organization, whose rating was inferior to the record of service made by the Boy Scouts of America, I would be inclined to be more particular in outlining the program, to be assured that the property would be put to full beneficial use as I visualize it.'"

Kit Carson Country
Before formally proposing that the Boy Scouts of America accept the ranch property Mr. and Mrs. Phillips and their son Elliott entertained a party of Scout officials at Painted Ranch near Cimarron, immediately adjacent to the new Scout Reservation.

The party included besides President Head, Dr. James E. West, Chief Scout Executive, and Arthur A. Director of the Division of Operations. The entire group was greatly impressed by the scenic beauty of the area and its usefulness for Scout camping purposes.

Much of the property is virgin territory and under the careful management characteristic of Boy Scout camping those small parts which have been grazed recently will quickly be returned to their natural condition.

Mr. Phillips has proposed, in accordance with general Boy Scout practice, that the property immediately be designated as a game preserve.

In a statement issued to the Executive Board Dr. West described the reservation in this way: "The property is in the Rocky Mountains, all above an elevation of 7,000 feet and rises in spots to at least 11,000 feet. It is the Kit Carson territory and the old Santa Fe trail passes through it. There are nine main canyons on the tract converging either at the Cimarron River or the main branch of the Ponil River, which later flows into the Cimarron."

Older Boys Paradise
"Each of the canyons is of the same general make-up, flanked on each side by ever-changing vistas, rock palisades, timber growth, and with smaller canyons in endless numbers fingered out from the main ones.

There are also several high land meadows or mesas, offering excellent additional camping area spots. Bear Canyon, Deer Canyon, and Turkey Canyon have an extensive amount of timber growth, comprised principally of western pines, Douglas fir, balsam, quaking aspens and cottonwoods. It is the natural habitat of deer and while on the property we saw mule deer, wild turkeys, and dozens of beaver dams and many evidences of beaver."

"While there are few Boy Scout Local Councils throughout the country which do not have camps both for short camping trips and for summer vacation camping," Dr. West continued, "there is a need of opportunities for Troops and Patrols with experience, training, leadership and proper equipment to secure the benefits of wilderness camping, which I believe will appeal to older boys in all parts of America. By this is implied a more rugged experience with nature in the raw than is possible in the customary local Boy Scout Council camp but at no sacrifice of our essential safeguards of health and safety."

A recent digest of Scout membership records revealed that more than 100,000 Scouts in nearly 4,000 Troops

live within a 600 mile radius of the property. From this group will come those who use the property most frequently, although Scouts from parts of the country will head for it on roving tours under adequate leadership and according to provisions laid down by the National Council of the Boy Scouts of America.

Before reaching a decision to accept the Phillips gift the National Council sought advice from the local Boy Scout Councils in the area to be served by the reservation. Forty such groups indicated that they would begin to make use of the spot in the next camping season and many evidences of enthusiasm and offers of active cooperation in the development of the property were received.

Wilderness Camping Popular
George W. Olmsted, Chairman of the Camping and Activities Committee for the Boy Scouts of America, reports great interest in the Rocky Mountain section for facilities for Troops from far away which seek wilderness camping. The Pike Peak Council of Colorado Springs, Colo., last summer had requests from New Orleans, Shreveport, Toledo, Chicago, five towns in Texas, four in Kansas, and many individual requests, for camping places in the Rocky Mountains. They were able only to help one Troop from Kansas and this demonstrates that there is great need for a place where these Troops can have adequate facilities for mountain camping under proper supervision.

As an evidence of the magnitude of this problem and how the Waite Phillips property would help to solve it, he adds that in 1937, 200 touring permits were granted by the home office of the Scouts with a total mileage of 155,354 miles, averaging 776 miles per tour, with 4,201 Scouts and 674 Scouters in attendance. To date, in 1938, 330 Touring Permits have been issued with an estimated attendance of 7,000 Scouts and 1,115 Scouters. Eighty-nine of the tours during 1938 averaged more than 1,000 miles. Thirty-six traveled more than 2,000 miles.

include those in first year and second year general agriculture with terms ending March 3.

Eight weeks courses opening January 3 include training in general agriculture, dairy production and dairy manufacturing, poultry, agricultural engineering, floriculture, home economics, forestry and wildlife conservation, commercial fruit production and park maintenance. A catalog can be obtained on request from R. W. Tenny, Short Course Director, Michigan State College, East Lansing.

Ample notice of change of address should be given when moving. Notice should be given before changing if possible.

Admission to the college short courses is by application and examination. The college short courses are designed for those who do not have time or finances to attend the more complete courses at Michigan State College, most of which require four years of study, and some courses even more.

Courses opening October 31 include those in first year and second year general agriculture with terms ending March 3.
