MICHIGAN YOUTH TO BE STUDIED BY STATE GROUPS

Michigan's youth is coming under careful scrutiny this fall in the attempt of ten state educational and employment agencies to assemble facts on the problems of today's young people.

Approximately 100,000 young men and women will be interviewed by a staff of between 500 and 700 workers assigned to the survey project. It is believed by the agencies sponsoring the project that more success in job-finding and job-training for the youth of the State will be the result of the study. The primary source of funds for the study will be the Works Progress Administration.

The immediate objectives of the survey include the collection of information on the employment of youths between the ages of 14 and 24 years, the characteristics, abilities, and interests of these young people, the amount and sources of educational training youth have had, and the kind and amount of employment they have had following that training, and necessary additions to and improvements of vocational training.

Dr. Eugene B. Elliott, superintendent of public instruction, as chief of the official sponsoring agency, has made a plea for the cooperation of all persons concerned. He has expressed the belief that this study will be important and in the solving of some of the more pressing problems of young people. He assures young men and women that information given by them will be held strictly confidential.

JOINT MEETING SUGGESTED BY CITIZENS' LEAGUE

A proposal to hold a joint meeting of the Oakland County Board of Supervisors, the elective and appointive officials and the voters and taxpayers of Oakland County, prior to the adoption of the 1940 budget, was made in a letter of the Oakland Citizens League, Inc.

The meeting, which would be held on any evening agreed upon between the Board and the citizens' league, would give the voters and taxpayers of the county a chance to learn more about the financial condition of the city and school districts of Pontiac, the letter stated.
