'Miracle Drug' Advanced | URGES POISE TO ACHIEVE

In Fight on Influenza
The possibility that medical science at last has found a method of conquering influenza has been disclosed by the U. S. public health service.

The new "miracle drug" called sulfapyridine, already widely used in treating pneumonia, may come to be used as a governitive of the function of the drug and the sulfapyridine, already widely used in treating pneumonia, may come to be used as a governitive of the function of the drug and the sulfapyridine method of the controlling the disease, said Miss Pittman in her report. The infant developed an inflammation of the cyce and cears' and pneumonia. In addition to pneumonia germs, he had a heavy infection of the function of the fun

But Processor Schill has found a
new bending.
The, twist affects astronomy's
measurements of star distances because many of these are taken near
sunrise and sunset.
Accurate measurements of these
distances are astronomy's yardstick
for calculating the distances for emotion
for surveying.

For which the processor schilles the distances for emotion
