On Earth Is the Printed Word

Chili Casings Called Illegal by State

The Michigan Department of Angiculture has advised manufacturers of chill con carne that present mented of selling, this product in easing without stating contents by weight is illegal. The diepartment found that the product was being sold thy the stack, with the packages varying as to size and weight. The manufacturers have arrived that new casing, which is some instances resembles that used for hologna and cold meats, will be the weight of the packages, and to discontinue practice of setting by the plece.

"ALICE: Come home, all is FORGIVEN"

Few advertisements in your newspaper start that way. Yet most of them are just as personal, and almost as promising.

Manufacturers and merchants must know your needs and wants, or go out of business. They must know, for instance, that about the first of next month you'll be very much interested in a new hat, or a new lamp, or new towels. They must foresee your wishes-and have what you'll want when you want it.

And they do-constantly striving to suit, at the lowest possible prices. Then telling you in advertising of the gifts they have brought from the far corners of the earth, to please Your Royal Highness.

Read the advertisements in this paper. They are addressed to you—personally. They bring you news of better things to have and easier ways to live. Intimate news, of immediate interest.

plant is one of the sights at Aklavik,
diminuitive arctic metropolis at the
mount of the Mackennie in Canadar's
outhwest territories. The prode Eskimo wwer of the plant tells his
neighbors that he has the moon air
earlightors that he has the moon air.

NEW DENTAL UNIT DEDICATED AT

The W. K. Kellogg Foundation Institute of Graduate and Post-graduate Dentistry was dedicated to the dental health of the people of Michigan recently at a formal University of Michigan Convoca-tion

cassificated by the Institute's operation.

In addition to full-time graduate and postgraduate study, the Institute will provide short courses for practicing dentists who wish to come back to the University in order to keep up with developmental in their rapidly expanding field. The University and the Kellogar Foundation have concerned in a limited program of this nature for the last thee years, but the demand for such courses has been so great that the old University facilities were overtaxed. Last year, about 200 dentists came to Ann Arbor for graduate and postgraduate training. With the new building, approximately 550 can be accombadated ache year, Dr. Paul H. Jeserich is Director of the Institute.

State Institutions Order 15,000 Chicks

Michigan state-owned institutional farms ordered a total of over 15,000 baby chicks for the 1340 season, many of the number conting for the state-operated, hatchigan at Jackson. Poultry pherations account for approximately 5.5 per cont of \$1,000,000 production of the state-owned farms. State-owned biddles produce over one million and a quarter eggs annually, used by the institutions.
