

JUNE BERRIES

Sixty millions of Juneberries, collected in one day by 12 CCC workers from Camp Kalkaska will never reach the camp table, though housewives often use lesser quantities of the purple-black berries with early harvest apples in making jams and jellies.

The 60 millions are expected to yield 1,728,000 seeds for planting in the state's Hardwood nursery.

Believe It or Not, Coeds Really Do Study

The Chicago Vassar club has revealed the answer to what coeds do with their time. A time survey conducted by Vassar's Student Curriculum committee showed that the students spend an average of 43 hours a week on study.

The 11-week survey, watched by educators all over the country, showed that the college women of today (as represented by Vassar) studies an average of 43 hours more each week than the co-ed of 15 years ago. Educational institutions throughout the nation have written to the famed Poughkeepsie college for information on its survey and for copies of the booklet "Where Does Your Time Go?" which was distributed to 1,200 Vassar students.

The students were asked to record the number of hours spent on academic work, exercise, sleep, college activities, absence from college, cultural and miscellaneous activities. The records of 801 students were found acceptable for the survey.

Although 43 hours was the average figure, the hours of study varied from a high of 67 to a low of 20 hours a week. A detailed analysis of time spent on individual courses also showed an uneven distribution. Other hour averages for a typical college week were: exercise, 3.5; sleep, 5.5; college activities, 3.5; self-help, 2; cultural activities (unrequited lectures, good books, plays, operas), 5; time away from college, 12; and miscellaneous, 56.

Dean C. Mildred Thompson said the neglect of exercise as the most unsatisfactory finding of the committee.

A special study was made of the reports of the freshman class in order to determine how its needs and abilities differed from those of the upper classes. The survey showed that the freshman studied longer than members of the other classes, spent more hours sleeping and less time away from college.

Biggest Gun in World Was Made by France

One of the biggest guns the world has ever contemplated was begun in Britain during the Great War. It was a 26-inch monster, firing a shell weighing two tons. It was designed to the order of Lord Fisher, first lord of the admiralty, but the Germans gave in time. The gun was never completed.

Lord Fisher's gun would have made Germany's "Big Bertha" look silly. "Big Bertha" is a gun with a range of 75 miles, was only a freak. It was designed to spread terror by its unexpected and startling range, rather than by the destruction of its shell. "Big Bertha" was only 84 inches, and its 330 pound shell carried only 33 pounds of explosives.

"Big Bertha" did, however, achieve the highest muzzle velocity ever attained by any man-propelled object—5,000 feet per second, or 3,400 miles an hour.

The French, during the World War, made the biggest gun the world has ever seen. It was a monster with a bore of 26 1/2 inches, and a barrel 76 feet long. Its shell weighed 3,300 pounds.

One smack from this gun on Fort Malmesbury, in 1918, put the fort, then the strongest ever built, permanently out of action.

While Gloves Cleaned Easily

The complicated job that long gloves used to mean exists no longer, thanks to Klean-Glo, whose special processing has made it possible for his gloves to be easily washable with pure soap and hot water. It's as simple as that. After you have washed your gloves thoroughly through gloves, rinse well in clear, hot water, then lay them flat on a towel. While gloves are still damp.

Blow into each glove, thus shaping them to their original form. Then, says Klean-Glo, just forget about them until you slip them on for the fresh accessory touch that spells glamour.

This Is News

It's no longer news when man bites dog.

But when dog collides with car—Walter P. Smith, 35-year-old member of Seattle, had a new one for the books.

He told police he was driving his car when he spotted a 90-pound collie dog traveling at a fast clip—and on Smith's side of the street.

Smith stopped his vehicle and waited for the dog to pass. Instead, the animal crashed head on into the car, smashing the grill and radiator.

The collie was injured and Smith estimated damage to his automobile at \$200.

Save Roadside

Everyone who has seen a forest-bordered highway turned into an abomination by logging operations has wished that some steps might be taken to preserve the remaining roadside stands.

Wishes, unfortunately, don't solve problems unless some means can be found to convert them into practical action.

A great many solutions of the highway timber problem have been suggested. Without going into all of them it is sufficient to say that the only hope of any immediate remedial action is through legislation in congress.

MERCHANTS TO MEET TURPINS HERE SUNDAY

Farmington Merchants semi-pro team will play their annual game with the Ben Turpin Athletic Club on the Farmington diamond Sunday, August 18, at 2:30 p. m.

The Farmington Merchants team will go to the National Semi-Pro Baseball Tournament in Wichita, Kansas, as the Michigan entry. It was learned this week.

The Detroit Stars, Michigan semi-pro champions, may be unable to go, and the Farmington Merchants may be chosen to go in their place.

The tournament starts Friday, and the Michigan team will have to play its first game next Monday in Wichita. It will be decided Friday which team will go.

The Farmington team defeated the Elmore Merchants last Sunday in 12 innings by a score of 6 to 5.

The winning run for Farmington came in the twelfth inning when Tony Himmelsbach doubled, advanced to third on an infield out and scored, on Howard Broadbrook's single.

Both teams made nine hits in a close game which saw the scored twice. Three pitchers, Jones, Watling and Caudill, worked for Farmington, while Lee was on the hill for Elmore.

FARMINGTON BOYS' CLUB TEAM PLANS 3 GAMES IN 4 DAYS

Farmington's team in the Northwest Baseball Federation League, sponsored by the Boys' Club of Northwest Detroit, will play three games in the next four days.

Farmington will meet the Tohio Courtney Kings at Farmington in a regularly scheduled game Sunday, August 18. Make-up games are scheduled with the Evergreen Realty Stars at Farmington Friday, August 16, and with the Stars at the Stars Monday, August 19.

Team Standings of August 13 show Farmington in seventh place with 11 victories against 14 defeats for a percentage of .440. Only six games separate the first eleven teams, however.

A meeting of all team managers will be held at the Boys' Club on Tuesday evening at 7:30 o'clock.

Among 840 boys who attended the Tiger game on Wednesday, August 14, at Briggs Stadium were the Farmington boys, members of the club and their guests and all the ball players of the Northwest Baseball Federation.

Judge Hartick Urges 21ers to Study Issues

New 21 year old voters of Farmington and the surrounding community have been asked by Circuit Judge George B. Hartick, as chairman of the Citizenship Day Committee, to challenge to their attention the importance of bringing to attention the necessity of participation in the primary and general election.

In his statement Judge Hartick said:

"You will please be informed and disseminate information regarding the vital issues before the electorate for decision.

"Urging allegiance to no political faith and sponsoring no political issue, our thought is that the obtaining of as much information as possible will result in a more satisfactory determination in a better working democracy."

In your patience possess ye your souls.—New Testament: Luke 21:19.

ODIN H. JOHNSON, Attorney, 815 Pontiac Bank Bldg., Pontiac, Michigan.

STATE OF MICHIGAN
IN THE CIRCUIT COURT FOR THE COUNTY OF OAKLAND
IN CHANCERY

HERBERT W. SIPS
Plaintiff
vs.
KELLER & SIPS MFG. CO., No. 21802
a Michigan Corp. and
NELLIE HEID, JOSEPH HAZLER, ODIN H. JOHNSON, FELIX ROWLAND & JAMES KELLER
Defendants.

ORDER TO SHOW CAUSE
At a session of the Court held at the Court House in the City of Pontiac, in said County of Oakland, on the 8th day of August, A. D. 1940.

Present: Honorable George B. Hartick, Circuit Judge.

On reading and filing petition of Herbert W. Sips, the Plaintiff in the above entitled cause, it is hereby ORDERED that the Defendants, and each of them, appear in this Court on or before Monday, September 10th, 1940, at 10:00 o'clock in the forenoon of said date, at the Court House in the City of Pontiac, and show cause, if they can:

(1) Why the Keller & Sips Mfg. Co., a Michigan Corporation should not be dissolved, in accordance with the statute in such case made and provided;

(2) Why the Plaintiff herein should not be appointed temporary receiver of said corporation.

IT IS FURTHER ORDERED that a copy of this order to show cause be published once each week for three consecutive weeks in the Farmington Enterprise, a newspaper published and circulating in Oakland County, Michigan.

George B. Hartick, Circuit Judge.
Dated at Pontiac, Michigan, this 8th day of August, A. D. 1940.

SPENCER C. HOWARTH

Spencer C. Howarth is a candidate, on the Republican ticket, for reelection as sheriff.

A native of Troy Township, he has lived his entire life in Oakland County and has, since 1924, been an active Republican figure in the public life of the county. Three times he was elected supervisor of Orion Township before resigning in 1930 to become business manager of the Oakland County storage plant. In this position he had charge of the purchase of supplies for county use. Before becoming sheriff he served a period as undersheriff.

Of his candidacy, Mr. Howarth says:

"The responsibility of policing the unincorporated area of the second largest county in Michigan is a tremendous one and aggravated by conditions which make it necessary for us to operate on a smaller budget and with a smaller staff than some of our predecessors. However, in spite of the magnitude of the job and the economic limitations imposed upon us, I know the job has been well done and the ends of justice have been served impartially.

"We have made the professional

criminal and racketeer, so unwell-known that he now avoids Oakland County, Gambling, because of our policy of unrelenting aggressiveness, is at its lowest point in many years.

"I am particularly happy over the fact that during my tenure as sheriff there has been the finest cooperation between my office and other law enforcement agencies of the county."

Simpleness of character is the natural result of profound thought.

Will Appear in Court After Passing Bad Check

Arthur LeMaynon, of Detroit, will come up for trial on August 16 after pleading guilty to a charge of uttering and publishing a worthless check. LeMaynon attempted to pass the bad check to Homer Abney, owner of a grocery store at Nine Mile and Telegraph Road. After his apprehension by Deputy Joe DeVriendt, LeMaynon made restitution of the check.

Commissioners' Proceedings

Regular meeting of the City Commission of the City of Farmington held August 12, 1940.
Called to order by Mayor Gildemeister at 8:45 p. m.
