GIRL SCOUT NEWS

GIRLI SCOUT! NEWS

Interesting facts about Troop 1
are reported by Mrs. Robert Cale,
troop leader. The troop is four
years old this month. The first
register numbered 10 girls, and a
peak was reached in 1939 when 32
girls registered. The troop now
has 24 members. In this leagth of
time, 49 girls have registered in
this troop, most of them being new
registrations, while some were
transfers from Detroit.
Twenty-one girls have completed
their Scoond Class work, and
one girl, Patty Ann Cale, has completed First Class.
The following badges, 63 in all,
have been completed in the First
Class field: Housekeep er—11.

Proof Offered That Well

Proof Offered That Well Fed Fish Work Bite Ansilves long have suspected it and ndw a fisherless investigator supplies some proof that fish which won't lite are too well fed. Bluegill specimens declining all baits offered them by R. C. Ball, investigating conditions in Third Sister, lake of Barry county for the conservation department's institute flor fisherles research, are found to be exceedingly fat, with their baby cavities and intestines richly supplied with fat bodies. Bluegills from nearby Cedar lake, where jishing is better, have nowhere quariy so much fat stored in them.
