erty owners engaged in burnings

brush and other refuse spread onto

the right-of-way and caused serious

damage. He added that such fires

are sometimes started by motorists

throwing lit matches or cigarettes

from car windows.

Said Kennedy:

"The State Highway Department

is anxious to keep Michigan road

sides attractive. A. D. Taylor Forest

Service consultant of the U. S. Forest

Service has credited Michigan

with having the most beautiful

roadside in America and we want

to maintain that reputation."

The Commissioner explained that

young plants just starting in the

spring are frequently killed by

fires; that evergreens are some-

times seriously damaged and that

nesting places for birds and other

wildlife are destroyed.

"Smoke billowing across high-

ways," Kennedy declared, "and

damage to warning signs and

guard rail posts in some instances

have even threatened the safety of

motorists. This is another reason

why we should be exceptionally

careful at this time of year in

guarding against roadside fires."
