Oakland County's Bookmobile

Mrs. Henry James, President Oakland County PTA, Mrs. Henry Esman, President Oakland County Agricultural Extension, and Mrs.

Warren Pratt, President Oakland County Federation of Women's Clubs, examine a model bookmobile.

Scouts to Hold Benefit Show

At a meeting of the Boy and Girl Scout leaders of Farmington held last Tuesday in the Scout Hall, arrangements were completed for Scout Night at the Civic Theatre.

Mr. Bradley, treasurer of the Scout Hall committee, discussed at length the benefit show being held next Tuesday, June 17, with both the Boy and Girl Scout leaders. Plans were made to canvass the city to ask all citizens to support the needs of scouting in equipping their Hall with much needed materials. Chairs, tables, etc., are badly needed to permit scouts to do their handicraft and scoutcraft. Finances for fuel oil is also needed in order that the Hall may be heated sufficiently for scouts to gather together for troop operation. Scouts from the area of 7 years and up meet at various times during the week and equipment and heat is needed to help the scouts with their advancement.

Scout leaders are putting forth extensive efforts to make June 17 Scout Night at the Civic Theatre a success. Tickets have been placed on sale at all business houses and also may be secured from any Boy or Girl scout.

KNICKERBOCKER TO SPEAK BEFORE KIWANIS CLUB

Howard C. Knickerbocker, cashier of the Farmington State Bank, will be the speaker at the meeting of the Kiwanis Club Wednesday evening. Mr. Knickerbocker's talk will deal with the current campaign for the sale of Defense Bonds and Stamps in Farmington. A Farmington organization for the promotion of these bonds and stamps has been set up and Mr. Knickerbocker is chairman of the Finance committee.

All Kiwanis members are urged to be at the meeting to hear the talk. Several Kiwanians are on the Farmington committee and the cooperation of all is needed to assure the success of the campaign.

The bonds and stamps are on sale at the Farmington State Bank and at the postoffice.

Wednesday night was "farmers' night" with the Kiwanis club. Each member brought a farmer from the area as his guest, to hear a talk by John Ketchan, co-ordinator of agriculture on purchasing with Michigan Chain Stores, Inc. Mr. Ketchan's talk held the interest of all his listeners; though it was directed particularly towards the agricultural men.

The club is planning to cooperate with the city to organize a summer play program for the children of Farmington. It is hoped to start construction of a children's swimming pool this summer. The plan is under club advisement and it is expected that details will be worked out during the coming week.

Since lake and stream conditions became suitable for stocking this spring, the Michigan conservation department's fish division has planted 1,218,333 brown trout, 133,912 brook trout and 75,884 rainbow trout. Many of the fish of each species were of legal "keeper" size.

Warren Pratt, President Oakland County Federation of Women's Clubs, examine a model bookmobile.

Rural areas of Oakland County may have books made available to them by means of a bookmobile if the Board of Supervisors grant a request for approximately \$5,000 to be made at their regular quarterly meeting on June 23.

The program for a bookmobile, a library on wheels, has been endorsed by nine county-wide organizations including the Parent Teachers' Association, Federation of Women's Clubs, American Association of University Women, County Agricultural Extension and others.

The successful passage of the State Aid of Libraries Bill in May has made available an establishment grant of a probable \$5,000 to \$10,000 for the proposed service. However, the sum is contingent on an appropriation by the County Supervisors of approximately \$5,000. According to the project estimate a bookmobile "can be bought and operated on a yearly budget of \$6,000. A county appropriation would leave state funds free for the purchase of books. Federal funds through WPA State-Wide Library Project would provide for a driver, clerk and cataloguer.

A bookmobile, carrying about 2,000 volumes, can service about 10 schools a day. Stations also would be established in filling stations, grocery stores, post offices and other trading centers and the bookmobile would call on schedule to leave and collect books.

Among those who have endorsed the bookmobile plan which has been successfully operated in other states are Mrs. Lolita F. J. Lederle, superintendent of Oakland County Schools, and Mrs. Lester J. Snyder, former president of the Oakland County Council PTA.

SCOUTS TO COLLECT PAPERS BY TRUCK JUNE 18

A new and very effective system of paper collection was adopted by the boy and girl scout leaders at a meeting held in the Scout Hall last Tuesday.

Through the courtesy of the Farmington Lumber and Coal Co., and the Farmington Hardware Company, it will be possible to make truck collections of newspapers once a month during the summer months. Wednesday, June 18, is the date set for the first collection all over the city by the trucks. It is planned to have the Girl Scouts to contact the homes and ask that papers, magazines and rags, be placed on porches and the same evening the trucks, manned with Boy Scouts, will collect the papers and place them in their warehouse. Citizens are asked to please save their papers for the evening of June 18 when scouts will make a pick-up throughout the city.

The Sea Scouts expect to do their share by handling an extra truck. The money secured from paper collections is used for building fund requirements and everyone is asked to assist by saving their old newspapers and magazines and rags for the Scout movement of Farmington.

Following the ceremony refreshments were served by the bride's sister-in-law, Mrs. A. R. Button, Mrs. Ada Mary Blakeslee, Mrs. John Dutton, and Mrs. Harold Dutton.

The bridegroom will be graduated from the engineering division of Michigan State College on June 14. The bride is a graduate of Redlands University, California, and is employed in the Bureau of Social Aid, Pontiac.

City Clerk Harry Moore was ordered to investigate a movement in southern Oakland County to seek WPA funds to connect communities with present sewage disposal facilities. He will ascertain the possibilities of Farmington's participation in the program. Farmington's sewage disposal problem has been a topic of discussion at many recent commission meetings.

Section Nine of Ordinance No. C-18, the Zoning Ordinance, changing the code in the district lying between School street and Warner avenue from Residence "A" to Commercial "A", was read for the third time, and a motion was made and carried that the ordinance be passed.

MARY DUTTON BECOMES BRIDE OF CLYDE BUTTON

A floral heart of mock orange blossoms, American Beauty roses and foliage from whose center hung a cluster of white, bells formed the background for the marriage of Miss Mary Edith Dutton, daughter of Lure Dutton Button, and Clyde Willis Button, son of Jay C. and Estella Button, Saturday, June 7, at the Button home.

The ceremony was performed by the Rev. R. J. Button, pastor of the First Baptist church of Sturgis, and the Rev. George Thompson whose deceased husband, R. O. Thompson, united the bridegroom's father and the bride's mother in marriage in 1929.

Budget For 1941-42 Set At \$39,627

The City of Farmington will operate during the coming fiscal year on a budget of \$39,627.81. The budget was adopted by the City Commission Wednesday evening. The tax rate for the city will remain the same as last year—\$15.00 per thousand dollars.

A complete report, showing the break-down of money to be allowed to the various city organizations is now being prepared. Allowance will be made for the organization of a police protection system and also for the purchase of necessary fire hose and other equipment.

Real estate valuation of Farmington this year is \$1,165,145 and personal valuation is \$302,060, making a total city valuation of \$1,467,205.

A proposition to buy some city property located on Farmington road, next to the AchenBrenner clinic, was referred to the Financial Committee. An offer for the property was made by Pietro Tata, who is seeking a location for a new restaurant.

Sewage Solution Seen

City Clerk Harry Moore was ordered to investigate a movement in southern Oakland County to seek WPA funds to connect communities with present sewage disposal facilities. He will ascertain the possibilities of Farmington's participation in the program. Farmington's sewage disposal problem has been a topic of discussion at many recent commission meetings.

Section Nine of Ordinance No. C-18, the Zoning Ordinance, changing the code in the district lying between School street and Warner avenue from Residence "A" to Commercial "A", was read for the third time, and a motion was made and carried that the ordinance be passed.

MARY DUTTON BECOMES BRIDE OF CLYDE BUTTON

A floral heart of mock orange blossoms, American Beauty roses and foliage from whose center hung a cluster of white, bells formed the background for the marriage of Miss Mary Edith Dutton, daughter of Lure Dutton Button, and Clyde Willis Button, son of Jay C. and Estella Button, Saturday, June 7, at the Button home.

The ceremony was performed by the Rev. R. J. Button, pastor of the First Baptist church of Sturgis, and the Rev. George Thompson whose deceased husband, R. O. Thompson, united the bridegroom's father and the bride's mother in marriage in 1929.

Frederick Johnson sang, "Bless This House," "I Love You Truly" and "Because" accompanied by Mrs. R. J. Dutton.

The bride party entered to the strains of Mendelssohn's Wedding March. The bridegroom and his best man, Harold Dutton of South Gate, California, followed the officiating clergymen and were in turn followed by the maid of honor, Miss Edith McKeckridge of Royal Oak, and the bride.

Miss Dutton chose for her wedding dress white marquisette, lace trimmed, over white taffeta. Her fingertip veil was wreathed at the top with lilacs of the valley and seed pearls. She carried a bouquet of Easter lilies.

Miss McKeckridge wore a gown of peach marquisette with lace yoke over peach taffeta. Her bouquet was of Talsman roses and Bachelor's Buttons.

Seven-branch candelabra flanking the floral heart furnished candle light for the ceremony. Tall baskets of white peonies and lavender stock stood in the corners of the room.

Following the ceremony refreshments were served by the bride's sister-in-law, Mrs. A. R. Button, Mrs. Ada Mary Blakeslee, Mrs. John Dutton, and Mrs. Harold Dutton.

The bridegroom will be graduated from the engineering division of Michigan State College on June 14. The bride is a graduate of Redlands University, California, and is employed in the Bureau of Social Aid, Pontiac.

Father Has His Day In Farmington Stores

Father's Day specials hold the spotlight of the local shopping district this week. If you haven't bought Dad's gift yet, look over these fine offers.

DeRoy's Jewelers in Redford have put extra good prices on wrist watches, electric razors, cigarette lighters, men's rings and other things Father would love to have.

Cook's Clothing store is stressing ties, socks, shirts and other wearing apparel as Dad's present. With all weather coming on, new light-weight clothing would be tops with the man of the family.

And as for keeping cool during the hot weather, why not make a regular visit to the Farmington Dairy Inc. for some of that delicious ice cream?

When taking those long Sunday tours your automobile will be especially conspicuous. If it doesn't look quite as nice as it should, drop into the Haddon Hardware and take home some Pittsburgh Waterspout Enamel. It will brighten up your car and takes only four

hours to dry.

If you have a batch of baby chicks let the Farmington Mills help raise them with Larro Chick Builder and later with Larro Eggs Maab.

That hero of the west, Kit Carson puts in an appearance at the Redford Theatre Friday, Saturday, Sunday and Monday in the person of Jon Hall co-starred with Lynn Bari in the picture "Kit Carson". Featured also will be Bing Crosby, Bob Hope, and Dorothy Lamour in "Road to Zanzibar".

Mrs. Housewife, there's just what you've been waiting for at the Detroit Edison company. No chance for your teakettle to boil dry and be ruined if it's one of their new automatic shutoff teakettles.

Consumer's Power company is always ready to serve their customers well but with sweltering days practically upon us, they will close their office at noon on Saturday starting June 14 until September.

To Receive Degrees at U. of M.

GEORGE B. HELIKER

William N. Gray, 23907 Pickett, and George B. Heliker, 6629 Maple, Walled Lake, will be among the 2,500 students to be graduated from the University of Michigan Saturday, June 21.

Mr. Gray will receive a Bachelor of Science degree in Chemical Engineering. He is a member of Delta Tau Delta, social fraternity, and has participated in swimming and football. Mr. Heliker will receive a Bachelor of Arts degree in Economics.

The 1941 sunset graduation services will mark the ninety-seventh annual commencement exercises of the institution. Dr. Alexander C. Ruthven, president of the University, will deliver the address at the ceremony which will take place at 6:15 p.m. at Ferry Field Ann Arbor.

Willing Workers Elect Officers For Year

At the Irwin Knapp residence Thursday afternoon about 20 persons attended the annual joint meeting of the Willing Workers, an organization of the West Farmington Cemetery and the cemetery's old association. Election of officers was held and the following were named for the ensuing year: Mrs. Duffield Bigelow, president; Mrs. H. N. McCracken, vice president; Mrs. Edward Grimmer, secretary and Mrs. William Kuris, secretary.

The officers for the old association were H. N. McCracken, president; William Morris, secretary and Herman Grimmer, treasurer.

The next meeting of the Willing Workers will be held July 10 at the home of Mrs. Edward Grimmer.

Maccabees To Attend State Convention

Farmington representatives of Liberty Tent Hive to the State Convention of Maccabees will include Mrs. Pearl Callan, Mrs. Irene Stauch, Mrs. Louise Manzel and Mrs. Katherine Carrier. The convention will be held in Lansing, June 11 to 13. One of the very unusual and particularly appealing features of the convention will be the presence, on June 11, of 50 drill teams from all over the State.

On Tuesday, June 17, Liberty Tent Hive members and their friends are invited to a basket picnic at Lola Valley Park, at 10:30. Games and fun will be provided for all.

Dr. G. Frank Weaver Wins School Vote

Dr. G. Frank Weaver begins a three-year term on the Farmington School board this week following his election Monday evening. Weaver defeated W. Allen Nelson by a vote of 167 to 25 to win the position on the board, a position which he will hold until June, 1941.

Dr. Weaver will replace Spencer J. Heeney, veteran member of the board, whose term expired this year. Mr. Heeney decided not to be a candidate for re-election.

Almost 200 property owners, or parents of children on the school census, showed up at the school Monday to cast their votes in the school board contest and on a proposed transfer of funds. The transfer was heartily approved by the voters, receiving 143 "yes" votes and 47 "no" votes.

Calls For \$9,000 Transfer

The proposal calls for the transfer of \$9,000 from the school's general fund to the building fund of this amount \$7,300 is money due the school district from Farmington Township in delinquent taxes. The remaining \$1,700 is money already in the school's general fund.

The transfer is to be made in order to provide funds for a proposed addition to the new Farmington Schools building. The addition is to be made on to that part of the building which houses the manual arts department and will provide additional space for the school's vocational guidance activities. It will also enable the school to accommodate numbers of students who have been turned away because of inadequate facilities.

The funds thus raised will be used for the construction of the addition. Equipment will be furnished by the Federal Government.

To Train Workers

The new facilities will be used in establishing a training unit for workers in defense projects. This program, already underway in many schools in industrial production areas, enables the training of factory workers in the use of machines for defense production, during hours when they are not at work in the factories. During other hours the machines would be available to school students for training.

Following the closing of the polls Monday evening, the school board held its annual meeting, at which time minutes of the last annual meeting were read. Another meeting was to be held this week for the canvassing of the election results. An organization meeting is also being planned for the near future.

DR. LEE HALSTED TO HEAD EXCHANGE CLUB

Dr. Lee H. Halsted was named to head the Exchange Club for the coming term at the regular meeting held Wednesday noon. Other officers named are Dr. C. Goodies, vice president, Rev. Gilbert Miles, Secretary and E. O. Hutton, Treasurer. Members of the Board of Control who presented the slate of officers are retiring president, George Dewey, Mahlon Bradley and Paul Pare.

Results of the membership drive which has been conducted since September were announced, and the seven winning teams, which are composed of two members each, are to be entertained by the seven losing teams at a picnic dinner at Cooley Lake Inn, Wednesday, June 18.

The date of the annual Sunshine special has been set as June 25. Further announcement will be made as to the plans of this event. It was decided to have one meeting each month during July and August, and these meetings will be under the direction of Harrison Johnson.

The financial report was given, showing the Club to be in the best financial condition in its history.
