## School Offers Summer Band Training

Again this summer the Farmington Public Schools offer a special opportunity to all pupils who wish to start on a band instrument. Beginning classes on all instruments will be held daily in the band house, and instruction will be given by the regular band teacher.

It is particularly advantageous for the pupil to begin the study of a band instrument during the summer. It is a known fact that boys learn to play an instrument three times as rapidly during the summer months as they do during the regular school year.

There is no charge for instruction for the summer band. Pupils, however, may be asked to bring their own mouthpiece for the instrument which he uses. He must, of course, purchase his own reeds, and instructive book if necessary.

Many school instruments including flutes, clarinets, cornets, baritone, alto horns, basses, drums, trombones, and saxophones will be available for beginners. In most cases these instruments will be loaned to the student although he must expect that the instrument may have to be shared with some other student.

Enrollment in the Summer Band School started Monday, June 23, and to date the following boys and girls, not previously enrolled in band, have joined the classes:

Clarinet—Marvin Mitchell, Donald Kolman, Ann Paulliger, Mary Youngblood, Marilyn Viller, Alvin Garchow and Glenn Mityre.

## Work on LaSalle Unit Moves Rapidly Despite Collapse

### USO Drive Tops Quota; \$923.50 is Raised

A check for \$923.50 was mailed this week to the United Service Organization headquarters in Pontiac, representing the efforts of the Farmington USO drive. The campaign, carried on through the cooperation of the Exchange Club, the Kiwanis Club and other organizations, has been most successful in their efforts to raise money to help provide recreational facilities for men in army camps and defense plants.

USO headquarters at Pontiac gave Farmington a quota of \$250 to raise. Those raising the funds found, however, that Farmington people were glad to contribute to the cause, and, like most other cities canvassed, Farmington went well over its quota.

### KIWANIS CLUB SEEKS WARD ESTES AS SPEAKER

Plans are being made for a "military" program at next week's Kiwanis meeting, according to Norman C. Lee, who has charge of the club's program for the month of July. There is a possibility, Mr. Lee said, that the speaker will be Ward Estes, 33109 Orchard street, Farmington. Mr. Estes is a captain in the United States Army, and is connected with the recruiting service.

Estes is with the public relations department of the recruiting service, Detroit, and is a regular speaker before clubs and organizations in Michigan, explaining the ins and outs of military service.

If Mr. Estes is unavailable, another speaker from the recruiting department will be sought, Lee said.

Claude Dock International, known Kiwanian, and past national lieutenant of the club, was the speaker at the meeting Wednesday evening. Mr. Dock's talk dealt with principals and aims of the Kiwanis club. The meeting was to have been a "ladies' night" affair but this was postponed due to the death of Mrs. Joseph Himmel-spach.

### DAUGHTERS OF ISABELLA ATTEND CONVENTION

Between 400 and 500 ladies, including National and State officers and delegates attended the Michigan State Convention, Daughters of Isabella, held in Cheboygan, June 20, 21 and 22. This was a record attendance for a convention of the group.

On Friday an informal tea, reception and dance was given at the K. of C. hall. Mrs. Mack Cline acted as convention hostess.

On Saturday at nine o'clock, a Pontiac Mass. was celebrated by Bishop Pilegans of Grand Rapids. An address was given by Msgr. Noa of St. Joseph's Seminary in Grand Rapids. At ten o'clock a breakfast was served at St. Charles dining room, and an address of welcome was given by Mayor Joseph D. Vian. A response was made by State Regent Star Longe.

At eleven o'clock on Saturday a business session was held, and in the evening choral club and drill team work was enjoyed.

On Sunday at ten o'clock High Mass was held in St. Mary's church. At eleven, courtesy buses took the ladies to Mackinac Island to board the steamer for Mackinac Island. Luncheon was served at Grand Hotel. In the evening they enjoyed a banquet at Hotel Topinabee on Mullet Lake.

One of the most important discussions of the session was that of "The Student Priest Fund" which goes this year to the seminary in Grand Rapids. There was an increase in membership of 800 this year, in Michigan alone.

Among those attending the convention were Mrs. Carl B. Manning, National Regent of New Bedford, Massachusetts.

The new State officers elected are Mrs. James McNally of Grosse Pointe Park, State Regent; Mrs. Mack Cline of Cheboygan, State Treasurer and Mrs. Marie Swigert of Calumet, State Vice-Regent.

Despite a collapse of frame-work last week, work on the new addition to the LaSalle Wines and Champagne, Inc. property is progressing rapidly, and company officials expect the large building to be ready for use by August. The structure will serve as a warehouse for the storage of the company's products.

When finished, the new building will match the present LaSalle building in appearance, will be two stories in height and will provide from 10,000 to 12,000 additional square feet of storage space. The company's present storage facilities have been badly overcrowded, according to C. E. Mayhew, LaSalle official, and the new building will provide storage space for 50,000 more cases.

Work on the new structure was set back a week by a collapse of the frame-work last week. During the process of pouring concrete on the second floor the wooden supports gave way causing a large portion of the upper floor structural work to fall. Three men, working on the second floor at the time of the accident, received injuries and were taken to Redford Receiving Hospital. One was reported to have suffered a broken leg, and the other two sustained minor cuts and bruises.

The accident occurred late Thursday afternoon. Two Farmington ambulances were called before it was determined how many men were hurt and the extent of their injuries. Fortunately there were no men working on the first floor at the time of the cave-in.

The R. E. Bailey Construction Co. is the contractor for the new building.

### Roger Budrow Awarded Newspaper Honor

Of interest to many Farmington residents, is the awarding of honorable mention this week to Roger Budrow of the Indianapolis Times, in the presentation of the \$250 Heywood Brown award for the year's "best newspaper job in the Brown spirit." This award is made by The American Newspaper Guild.

Mr. Budrow, who perhaps will be better remembered as "Dean," was formerly editor of the Farmington Enterprise. After leaving the Enterprise, he went to work on the Indianapolis Times, and has been there ever since.

### June Koss Marries Ray Halbritter June 21

Mr. and Mrs. Albert Koss of Base Line Road announce the marriage of their daughter, June, to Ray Halbritter, at the Koss home, on Saturday, June 21, at five o'clock.

A reception was held immediately following the ceremony, and a wedding supper was served to twenty five guests.

Mr. and Mrs. Halbritter left for a short honeymoon at Erie Beach, Canada.

### New Restaurant Now Under Construction

Construction was begun this week on the new cafe which is to be erected at 23621 Farmington Road, just south of the Enterprise office. The building is being built by Pietro Tata, proprietor of the Tata Grocery store at Grand River and Seven Mile Roads. His cafe, named the TaTa Cafe in a recent contest held by the management, will be approximately 35 feet by 50 feet in size and completely modern throughout. It is to be built of cement blocks with an ornamental brick front. The building is to be one story in height with the possibility that it can be later built into a two story block if necessary.

Former plans called for the building to be built on the north side of the Enterprise office, but it was later changed to the present location. The property where the cafe is now being built was formerly owned by the city of Farmington. The city council approved the sale of this property to Tata at their last regular meeting.

The cafe will be operated under a "Class C" liquor license. In order to approve the application the commission must pass an ordinance in the city charter which limited the number of liquor licenses in the city to one per thousand population.

## Merchants Tell How to Live Summer Days Better

It's three cheers for summer this week, and Farmington merchants have some good suggestions on how to live these glorious days to their fullest extent.

DeRois at Redford toss in the suggestion of golf for your recreation. There are now showing golf sets of five clubs at a bargain price, and they may be bought on time.

For your Fourth of July pleasure Cook Clothing Store is featuring bathing suits and other beach apparel. Swimming is a sport of sports on these hot days.

And what tastes better day or night in the middle of the summer than cool refreshing drinks. There's plenty of room to keep even the tallest bottles right in your own home if you have one of the new Kelvinator refrigerators being shown by Fisch Electrical Appliances.

For an evening's entertainment
