If you're considering entering the wonderful world of color TV (particularly portable color) you'll be happy to know that you have a wide choice of really liftable portables of virtually every make. The original 18-inch portables, were really table models with handles - and much too heavy to carry around. These more recent color portables have screens 14 or 15 inches in diagonal. And the prices are within the range of more budgets. Presently, nearly 30 percent of all TV-owning families now watch in color. Statistics state that six million more will be joining them. How about you?

A marvelous Christmas gift-giver that special person in your life a new color television. We handle Magnavox, and we service what we sell. Come in and see us. BEACH TELEVISION SERVICE CENTER, 23457 W. 6 Mile Rd., Tel. KE 3-7451, Sales Center, 26158 W. 6 Mile Rd., Tel. KE 3-2626.
