

Romney, Ex-MSU Man To Join Cabinet

By MARVIN KEMP

If a refrigerator seems to "frost up" more than it should, one fault may be the rubber seal around the inside of the door. If this is not making a firm total closure, it will allow warm air to leak inside. To test for this, hold a dollar bill half in and half out, and close the door on it. If the bill can be withdrawn with little effort, the closure at this point is not tight enough. Work the dollar bill around the entire door. If there are any weak spots, the entire rubber, if possible, or one or two, try covering weak spots with several thicknesses of black plastic tape until door closes tightly.

Use that dollar to its best advantage at:

WASHINGTON -- Michigan's governor and a former Michigan State University department head are among the cabinet appointees of President-elect Richard M. Nixon.

George Romney was named to head the Department of Housing and Urban Development, Clifford M. Hardin, current president of the University of Nebraska and formerly of MSU, was named secretary of Agriculture.

Other cabinet appointees include: Rep. Melvin R. Laird, secretary of defense; William P. Rogers, secretary of state; George P. Schultz, secretary of labor; Gov. John Volpe of Massachusetts, secretary of

transportation; Chicago Banker David M. Kennedy, secretary of the treasury; New York Lawyer John N. Mitchell, attorney general; Lt. Gov. Robert H. Finch of California, secretary of health, education and welfare; Gov. Walter J. Hickel of Alaska, secretary of the interior; Maurice Stans, secretary of commerce, and Winston M. Blount, postmaster general.

LANSING -- A petition was filed asking for a recount of the 2,661 precincts in which the proposal on Daylight Saving Time failed in the Nov. 5 election.

A spokesman for the group, Harry R. Hall, president of the State Chamber of Commerce, said "the wide discrepancy in the official and unofficial count raises a number of serious questions about the possibility of other errors that can be answered only by an official recount."

WASHINGTON -- Federal regulations may be proposed against the invasions of privacy after the two-day hearing by the Senate Antitrust and Monopoly subcommittee.

"The (credit bureau) determining, in part, who may or may not get insurance, mortgages, security clearance and many types of jobs," warned Philip A. Hart, D-Mich., subcommittee chairman. Two witnesses Tuesday testified it is almost impossible to remove a credit black mark from credit bureau files.

WASHINGTON -- The unemployment rate for the nation dropped to its lowest rate in 15 years during the month of November. The November rate was 3.3 per cent, down three-tenths of one per cent from October.

NEW FROM THE EXCHANGE AT AAA FAULT-FREE COLLISION PROTECTION!

Chris Columbus just ran into the newest car insurance protection from the Exchange at Triple A. It's called Fault-Free Collision Protection. And it doesn't cost one red cent extra when you get collision coverage with the Exchange. Here's how it works: Your collision damages are immediately paid in full, including the deductible... when your collision damages exceed your deductible and the other driver is identified at fault. No time waiting for the warranty until after sending smoke signals and hoping power-waves with the other insurance company.

Of course, if both cars carry collision coverage with the Exchange, both are paid in full... regardless of fault... by famous FELLOW MEMBER COLLISION PROTECTION. Also, ask em about NEIGHBOR-CARE, down in CLAIMS SERVICE, the new OUTDOOR LIVING PACKAGE and MONEY BACK on your car insurance, all available at no extra warranty, when you insure your car with the leader.

As Chief Runningboard would say, "You come around these parts Chris, and you soon discover why Exchange too! car insurance justin golf."
