

American Legion

Notes

The Groves-Walker Post membership still continues to grow, having passed the 80 mark. Two new members joined January 22.

The regular meetings are well attended, and considerable interest is being shown by all in the plans for National, as well as local defense. Now that the Legion has been given a definite task to do, it is expected that all veterans will respond in greater numbers. It is the desire of the Legion members to give the local authorities their full support and consideration.
