"SALVAGE FOR VICTORY PROGRAM" NEEDS SUPPORT

The Oakland County Defense Council is locally sponsoring a National Drive called "The Salvage For Victory Program," which they wish will not be a campaign but a continuing program.

The local committee consists of Howard O. Chaffman, John Hunt, Frank Steele, James Taz, and O. E. Dunckel.

Types of metals to be salvaged are scrap metal (makes guns, tanks, planes, and ships); waste paper (makes paper board to ship munitions and clothing for fighting men); old rags (needed materials for emergency buildings, wiping rags, and reworked textiles); old rubber (makes new rubber for motorized forces, planes, tanks, and battleships).

The committee requests that residents save waste materials in the following manner: station out all cartons and bundles, and the them in neat bundles; keep them dry and clean; pile newspapers separately and use them in separate bundles; keep rags, metals, and rubber separately in cartons and bags if possible.

Disposal of waste is also emphasized. Residents are instructed either to sell waste materials to a collector (junk man) or give it to charities, schools, or other organizations which collect them. Those who wish to sell their collections are to get in touch with the collector who regularly visits their neighborhood or to contact dealers listed in the classified advertising sections of local newspaper, or telephone directory, or to take the collection to the nearest collectors yard. The latter method will relieve the strain on collection facilities.

Those who wish to donate their collections should arrange with a local charity or other organization to collect it from homes where local schools are collecting scraps, or residents may give their collections to their own neighbors' children to take to school where it will eventually be picked up by charities or collectors.

In general, citizens are advised not to call a collector until their waste paper has reached 100 pounds, or a pile about five feet high. Metals, rags, and rubber should be disposed of at the same time.

Elaine Greene.

The drummers of the beginning band have been studying the following strokes: five, seven, nine, thirteen, and seventeen. Those who have made marked improvement in their band work are: Carl Reigel, Erva Sills, Velma Goers, Avis Mack, and Gail Brown.

Freshmen's Frolic Draws Good Crowd

The Freshmen's Friday, the Thirteenth Party was very successful. The gym was decorated with had luck omens. When a freshman opened the door, he had to walk under a ladder; there were black cats and four leaf clovers on the walls; an open umbrella was in the gym; and on the stage there was a skeleton with the number 13 hanging over its head and a spot light shining on it.

The program consisted of: Songs, Marie LePage and Naomi Dolan (Spanish and English); Marion Kowianus, impersonations; instrumental numbers, Carl Krueger (accordion, cornet), Doris Colebank and Marietta Lamb (cornet and clarinet); Bill Doll (electric piano), Milton Knight was the emcee; Pat Buckland and Eileen Krueger (piano); Milton Knight was the announcer; Dick Sills and Jack Hallahan, electrical technicians.

Eighth Graders Edit Own Paper

While studying composition and newspaper editing, the 8A's made a "news" page magazine-newspaper containing editorials, news stories, special articles, sports stories, and humor.

Members of the class who could type acted as compositors and pressmen.

The 8B's plan to present a similar publication on Monday, March 23.

Beginners Play For Freshman Frolic

Some students of the beginning band played selections at the Freshmen Frolic Friday, March 13. Those who played were: Helen Krueger, Pat Young, Pat Buckland, Erva Sills, Marion Vanderburg, Betty Winters, Dorothy Everly, Marietta Lamb, Doris Colbank, Carl Reigel, Erva Sills, Velma Goers, and Anne Dwyer.

AT THE REDFORD THEATER

Five men went for her in a big way... yet they all had reasons for wanting her out of the way. That is the background of the year's most exciting mystery drama, 30th Century-Fox's "I Wake Up Screaming," which is slated to open Friday at the Redford Theater.

Hollywood's three most thrilling personalities, Betty Grable, Victor Mature and Carole Landis, have the leading roles in this story of the girl who was taken out of the hash house and made the darling of cafe society.

Carole, despite her sister Betty's protest, agrees to let herself be glorified by Mature, a promoter, Alva Morley, a well-known actor, and Allyn Joslyn, a leading comedienne. After she signs a Hollywood contract without her backers' consent, she is found murdered. Lair Cregar, the detective placed

in charge of the crime, seems more interested in putting the finger on Mature than finding the real murderer, especially since most of the clues point to him. The mystery is deepened even more when Betty falls in love with Vic and holds out evidence which makes him look even more guilty.

"I Wake Up Screaming" has Victor Mature in his first screen role since his hit on the Broadway stage in "Lady in the Dark." Betty and Carole recreate the sister team which received so much popular and critical acclaim for their performance in "Moon Over Miami." William Gargan completes the featured cast of "I Wake Up Screaming" which was directed by E. Bruce Humphreys from the screen play by Dwight Taylor. It is based on the novel of the same name by Steve Fisher. Milton Sperling was the producer.

Hugo Pascoe Will Head The 1942 Track Team

Spring is here for sure. This last week Coach Paul Shoemaker called together for the first time this year the 1942 track team. There were about 40 boys present at this meeting, of which only four are returning lettermen. Hugo Pascoe was elected to captain the team this year. The other returning lettermen are G. Devroy, B. Erwin and B. Campbell. Throughout this last week the lettermen have been working out in the gym and Coach Shoemaker said that, even with the scarcity of experience, the boys looked pretty fair for so early in the season.

Athletic Banquet Is Huge Success

Saturday, March 14, 1942, was the beginning of a new year in the athletic history of Farmington. For on this memorable evening a portion of the student body gathered together to heap praise on their championship teams. The toastmaster of the evening, Charlie Sullivan, was introduced by Dorothy Goers, and he proceeded to comb over the faculty and members of the athletic teams. Short speeches were made by Coaches Bob Hutton, Paul Shoemaker, and Miss Steele, who substituted for Miss Hazeltine. Captains Dwyer, Rupert, Bacon, and Russell gave short but interesting talks. The audience was also very fortunate in having Mr. Lloyd Gullen as the main speaker of the evening. Rev. Luebsch should also be commended on his singing ability. A dance topped off the evening that marked their first athletic banquet as a huge success.

Sophomores Change Date of Skating Party

The sophomore roller skating party schedule for March 27 has been changed to March 29 and will be held at Keeso Harbor.

SENIORS DEFEAT JUNIORS IN CLASS GAME

Thursday, March 12, the Seniors and the Juniors staged a close basketball game in the F.H.S. gym. The game was played between the members of the Farmington Champion Basketball team who will be graduated this June and those who will try to reconquer the 1943 title next year.

This game was very exciting, and neither was ahead more than 3 points at any time during the game. At the end of the first quarter the Juniors lead 9 to 6, the greatest lead they had. Going into the second quarter, the Juniors had a 1 point lead, the score being 14 to 13. During the third period the Seniors started to move and took the lead 22 to 21. At the end of the final quarter the score was tied at 28. As the result of a 30-second overtime period had to be played to settle the game. At the beginning of the overtime period the Seniors jumped out to a 3 point lead and held this to the end when the Juniors scored a field goal, but the period ended before either team could score again. The final score was Seniors 29, Juniors 28.

The Juniors have claimed that the game is theirs, because John Edgar had four fouls, but the scorekeeper stopped the game at the time he had his fourth foul and told the referee. The referee did not put Edgar out of the game, however. To stop all arguments this game will be played over at the first opportunity.

The players for the Juniors are as follows: Dick Pauline, Al Walbank, Norm Stewart, Bill Fournier, Fred Martindale, Erva Mitchell, and John Kicor. Fred and Dick led their team with 9 and 7 points, respectively.

The Seniors are: John Edgar, Bill Campbell, Jim Youngblood, Bob Erwin, Bob Russell, Bob Gull, Bill Holmes, and Harold Beck. John and Jim led the scoring with 11 and 10 points respectively.

Bob Russell.

GRADE STUDENTS KNOW THAT SPRING IS HERE

The kindergarten's attention has turned to the beautiful land of Holland, Miss Gilmore reads various stories of Holland to them and they in turn ask many interesting questions. The new songs that they have learned are "This Little Piggy Went To Market," "Every Day The Big Round Sun," and "Tuck-Tock, The Clock." Humpty Dumpty is the new poem they have learned. Arithmetic is the subject that the first graders are struggling with. Most of the children can add the figure one to any number. On the bulletin board are many papers written by the pupils. They write the numbers as neatly and legibly as they can, for they know their papers will be put on the board. Tulips of various colors decorate the windows of the room to show that spring is in the air.

The second graders are also showing in that spring is not far away. Pictures, brought in by the pupils, representing spring and Easter are placed on the bulletin board. The blackboard is outlined by a border of baby chicks. A window of the room hangs below the board; this chart has the names of different seeds that are now "taken for a ride" by the March Wind. The pupils were told to look for different birds that are coming back from the South. "The Elves and the Shoemaker" was dramatized by the Brown reading class.

'TIS SAID

'Tis said Ben Dundo was the bright and handsome Mr. Rowlands at the assembly program if he had had a date with a celebrity. What a bluish it produced!

The boys' brush haircuts must have made the girls jealous. For I've seen no end of long bobs fall mercy to the scissors.

Rev. Bunting was quite bewildered as he started to lead "I've Been Working On The Railroad" during the community singing at the banquet. He had no idea that the Glee Club gals would go on and on.

It's getting usual now to see kids in Chemistry class working with their eyes filled with tears as they're running down their cheeks. Emotional! Oh no—just poisonous gases.

I've heard swarms of Seniors say—"If the Juniors can't raise money, why don't they give us a pot luck supper like the one on Saturday?" Well, I dunno, why don't they?

Boys Build Miniature Automobile Racers

The government's cancelling product of new automobiles hasn't stopped the students of Farmington High School.

The first hour shop class has been taking time out from their regular work the last few days to watch the three miniature auto racers, made by Carl Hanson, Al-

fred Schweizer and George Devroy, being tested on the High School Auditorium's large floor. The racers are equipped with motors and clip along at a good speed.

Patience
can be Patriotic, too . . .

PROBABLY at some time or other you have phoned The Detroit Edison Company for trouble service when a fuse burned out or your electric iron required a new heating unit or some minor appliance needed repair. On more than 90 per cent of these calls, a Detroit Edison serviceman arrives at the customer's house within the hour. Promptness on trouble calls is important: Customers often comment favorably on the speed of our service.

Now our Nation is at war. Rubber tires and other critical materials are being rationed. Some of our experienced men in various departments—including repair and delivery—are leaving for the armed forces. One way we are trying to meet the situation is by routing customer calls . . . that is, by grouping all the calls in a certain area so that ONE serviceman can handle these in a single trip. This saves cars, tires, man-hours, gasoline—although you may have to wait a little longer for the Edison serviceman to arrive.

THE DETROIT EDISON COMPANY
