Henry Morgenthau Jr., Secretary of the Treasury, today made public the official War Bond Quotas by States for the month of July, which places the nation on a billion-dollar-a-month basis to aid in meeting the War cost. The above table also gives May War Bond sales in comparison to the May Quotas. (June sales by states will be available for publication shortly.) The percentage of Quotas range from 71.3 percent above quota in Utah, to 22.6 percent below the quota in Montana, but puts the nation as a whole above the \$600,000,000 total May quota. Vulnerable Alaska and Hawaii led all states in sale of War Bonds on quota basis.

"Everybody, every day ten percent" is the Treasury slogan which is expected to place one of the attractive new window stickers in every American home. "We're Buying at Least 10%," reads the sticker, printed in theatrical colors. The new window stickers and the new "10% label button, which indicates that the wearer is investing at least ten percent of his income in War Bonds every day, are yardsticks of patriotism in the War Bond Drive.

GAY MUSICAL COMEDY OPENS AT CASS THEATRE

"Cocktails 5 to 7", a new romantic musical comedy set against the background of gay New Orleans in Mardi Gras time, will have its world premiere at the Cass Theatre, Detroit, on Monday evening, July 6. Following its Detroit engagement, the musical will journey to Chicago and then to New York for a Broadway run. The Messrs. Shubert are sponsoring this new show, which has been lavishly mounted and handsomely staged with a large cast of outstanding performers and a chorus of agile ballets. The book and lyrics are by Rowland Leigh and the music by Dean Schwartz.

"Cocktails 5 to 7" tells the story of Ches Chabudette, an open-air restaurant in the French Quarter of New Orleans, a spot where young love and romance mingle with gaiety, laughter and intrigue. The plot concerns Chabudette, the ex-showgirl proprietor, her elderly protector and Paul, her ardent young novelist fiancé.

Melodious reminiscence of the old and romantic setting weaves through the sophisticated tale, and a vivid pattern of dances and comedy combine to make the lively story as intriguing and delightful as its title would suggest. "Boots" McKenna is responsible for the fanciful dances which punctuate the action. Howard Leigh directed the book.

The large cast of eight is headed by Vicki George, Morton Bove, Ruth Bond, Jack Good, Loraine Bowe, Bobby Morris, Charlotte Lausung, Joe E. Marks, Hal Conklyn, Betty Lou and Shelly Winters. The dancing chorus numbers thirty girls.

Reservations will be given on Wednesday and Saturday.

How to get the most light from your LAMPS AND FIXTURES

"Take good care of the things you have" is one of the cardinal rules of the U. S. Government's Consumer's Pledge—and it applies just as much to your lamps and fixtures as to your electric appliances. Perhaps it is even more important, because lamps lose their efficiency little by little, day by day, as dust and dirt collect on bulbs and shades and reflector bowls. The amount of light you are getting may be cut in half before you realize it... and these days you need plenty of good light for easy comfortable seeing, during those extra hours you spend knitting or sewing or doing war work. Good light helps make your time more productive.

Here are a few simple rules to aid in keeping your lamps and fixtures at top efficiency: Wipe all lamp bulbs frequently with a damp cloth, also the reflector bowl and shades. *Dust steals light.* Replace dark-colored shades with light shades or shades with white linings. This may give you as much as 50 per cent more light. Use the RIGHT SIZE BULBS in your lamps and fixtures—not too large, not too small. Too large a lamp may cause glare, too small a lamp gives inadequate light. Move your lamps closer to the point of use, so that they shed their light more directly on your work. Check the location of all your lamps with this in mind. Use adapter shades and linings to modernize your present equipment. This can be done easily and at low cost, and you obtain good light while conserving materials. The Detroit Edison Company.
