Whistling Eagles

The Melbourne Zoo has been en-
riched by the addition of a number
of Australia's famous whistling
eagles. Although these birds are
common they are difficult to cap-
ture. While soaring high, their
"whistle" is so powerful that it can
easily be heard from the ground.

**YOU CAN'T BUY
ON LOOKS ALONE**

Not all good-looking hardware, unfortun-
ately, is good hardware. The best plan is to buy from
a dealer who puts his personal guarantee on what
he sells. In our time, we've turned down some
mighty attractive merchandise because we knew
it wouldn't give proper service . . . and if we do
sell you anything that doesn't give championship
performance, we'll make good in a hurry.

SONS OF MICHIGAN

**"IT'S FOR
YOU'RE
WORKING
NOW"**

Michigan has already sent many of her sons into the
nation's forces to protect the homeland against the assaults
of treachery and villainy. There will be more to go—sons
and husbands and fathers.

And, on the home front, men and women must stand up
in the great battle of production to arm our forces. In
factory and mill, in transportation, and at every point in the
united front.

We of Consumers Power Company are a part of this war
effort. We're enlisted in this fight, side by side, with you—
to win!

In how many ways do you think Gas and Electricity help
build tanks and planes, guns and shells and ships, and all
their parts? How many here in your territory? As military
information, it can't be told.

But this you may count on: Our every plant and line, our
organization of your own fellow citizens—all are dedicated
to the work that will back you up. FOR YEARS, WE BUILT
AND ENLARGED AND STRENGTHENED THE FACILITIES
FOR THE PEOPLE'S SERVICE. SO NOW, IN THE CRISIS,
WE ARE HERE AND READY. We have supplied every demand.
We want you and your boys in the forces to be able to say "we've
got the stuff"—that we're on the job FOR ALL OF YOU.
