Get Out The Scrap!

You have a job to do, and I have a job to do. fact, our jobs are just the same, but each one of us must do that job just as though the success or failure of that work was solely up to us, as an individual, and depend upon no one else to come along and

We must get out the scrap—every scrap of scrap. Late releases from war offices who know and under-stand the situation today, point out that the salvage of all possible material is going to become increasingly important as the war progresses, and complete co-operation is imperative if we are to keep our armed forces supplied with the materials they need.

Rubber and metals are particularly vital at this time, and every loyal citizen will want to make sure that he has salvaged all of these valuable materials that he possibly can, and that they are on the way to reclaiming mills.

The collecting of tin will begin on a large scale in Farmington about the first of the month. We are fortunate to have such a well organized savage committee, under the co-chairmanship of John Hunt and Albert Beals. Farmington may be assured of turning in a scrap pile we may well be proud of, if all the residents will just cooperate with the com-

You will be surprised at the conversion value of scrap, as the following examples show:

One five pound flatiron could supply iron for and Senior B.Y.P.U. groups at 6.39.

four hand grenades.

One hot water boiler could supply steel for one One woolen suit could supply wool for two army

One bed springs, 60 pounds, could supply steel

for two 4-inch 105 mm. shells.
One stove, 250 pounds, could supply iron for one

500-pound aerial bomb.

Ten pound window weights could supply iron for 3-inch 75 mm. shell. One pair roller skates, two door hinges, one door

lock, one old spade, one trash burner, one trash basket could supply metal for one .30-caliber machine gun.
100 old newspapers could supply fibre for 80 75 mm. shell containers.

25 feet of garden hose could supply rubber for seven gas masks

One pound of brass pipe could supply br s for 18.30-caliber cartridges.

One pound of lead could supply lead for theh .30caliber ball cartridges.

Four men's rubber overshoes could supply rubber for one pair of army shoes.

Get Out The Scrap!

Share A Ride

Have you registered at the Blakeslee Sales and Service, to share your transportation with someone eise going your way? Perhaps you would like to change off driving, or perhaps you do not own an automobile yourself, and would like to ride with someone who drives to the come district that you those in one who drives to the same district that you work in

You've all heard the remark that Hitler or Hirohito rides in that empty seat next to you, or "He who rides alone, rides with Hitler." That of course, is only a figure of speech, but a very true figure of speech it is, for the sharing of rides is becoming increasingly popular and important to our war effort. In order to conserve tires and gasoline, it is necessary that transportation be put to its fullest capacity. Many times it is easier to go by bus, but if it is necessary to drive take some one along with you. drive, take some one along with you.

Stop in at Blakeslee's and register today, if you have not already done so.

For Gasoline Deliveries
At the same time OPA made arrangements with the Defense Supplies Corporation to pay extra

plies Corporation to pay extra freight charges on sugar shipped from the West Coast to areas east

from the West Coast to areas eart of Chicago, so that supplies could be distributed equally. Steps were taken to make the rationing system easier for individuals and industrial users.

OPA also announced that the number of gasoline rationing titles to keep the state of the stat

Looking Back Through The Enterprise Files

TWENTY FIVE YEARS AGO (August 3, 1917)

New Business Firm

E. S. Grace and L. C. Brown have formed a partnership for the conduct of a new and up-to-date ice cream parlor and funch room in Farmington. The new business will be conducted at the Owen House.

Taken III

Norman Lee who enlisted with the 31st regiment at Detroit some time ago, as a consequence of vaccination was taken very Ill last week and brought to his home here, where on Saturday his fever ran up to 101. It is thought Norman caught cold. As we go to press we learn that the fever his dropped two degrees, and indications point to his uitimate recovery.

Mad Dog Scare

A mad dog care was occasioned last Tuesday when a dog belonging to A. J. Pickett became crized with the heat, and after racing the
streets for some lime, laid down and died. The animal did not molest
anyone, more than to frighten a number of people.

YEARS AGO (Thursday, July 28, 1932)

TEN YEARS AGO (Thursday, July 28, 1932)
A new proposed schedule for the buses on Grand River between Farmington and Redford was submitted this week by a representative of the Eastern Michigan system, for study and comment from the Farmington point of view. The new schedule contemplates ocoordiation of the local and through buses, as at present.

Utley Seriously injured in Wreck.
The condition of Cariton Utley, 21, of Middlebelt and 12-Mile Roads, who was seriously injured in an automobile crash early Monday morning was slightly improved Thursday, but his condition is still critical. There is also a possibility that he has received internal injurées.

City Collects One Third in First Month
Although tax collection in the City of Farmington has been under way only since Jilly 1, nearly one-third of the 1932-33 taxes have already been paid to the City Treasurer.

FIVE YEARS AGO (Thursday, August 5, 1937)
These Are Busy Days
One of the bisiest men in Farinington or in all this part of the State for that matter on these warm summer days, is "Joe" Humhelspach, who with two Hetroit stores in addition to his extensive Farmington Dairy business, so operating one of the largest industries in the Farmington area.

ington area.

Fifty Gather for Club Reunion
More than 50 members and friends of the Young People's Literary
Union sathered at the home of Misses Ida and Zaida Steele Saturd's
for a dinner and general reunion.

To Widen Grand River Next Month
Plans for the wigiening of Grand River avenue in, and west of,
Farmington City have been completed according to information received
by Street Commissioner Emory Halton from Eighth District Engineer,
for the State Highway Department, Work will probably start early in

"Take Command" of Your Financial Affairs

When you pay bills with cash, you don't know where you stand. You are swept along by a "mob" of expenses which you can't seem to control.

But when you pay by check, you are "in command." Expenses pass

before you in orderly review each month and your cancelled checks are receipfs which protect you from the danger of having to pay bills twice.

One of the best ways to win per-

conal victory over wartime expenses, is to pay by check.
