RED CROSS NOTES

All women interested in feeding large numbers of people may enroll in the Red Cross Canteen Class which had its first meeting at 1:30 p.m. on Tuesday, September 22, at Christ Church, Cranbrook. This course is given county-wide, and will not be repeated until spring. There will be twenty hours of work given in seven lessons. Graduates of the class will work in the Red Cross Blood Bank and in any feeding that might be required due to a war emergency.

The American National Red Cross has developed a plan for dispatching messages from relatives and friends to members of the armed forces missing in action, but not yet reported by the Japanese as prisoners of war. This plan was developed jointly by the Red Cross, the State, Army, Navy, Post Office Department, the Office of Censorship, Board of Economic Warfare and the Office of War Information. Individuals in Oakland County who have received notices that relatives are missing in action but not notified that they are Prisoners of War may go to Chapter Headquarters, 12 Seneca, Pontiac, or Southern Oakland County Office, 109 E. Third, Royal Oak. The messages should be limited to one to each serviceman. Hopeful as this procedure is, the Red Cross can give no guarantee of delivery. However, the early departure of a diplomatic exchange ship has prompted the Red Cross and other organizations involved to get messages through.

Two Red Cross Nurses Aides classes will begin October 15, according to Mrs. E. L. Bradley, chairman of this program for the Oakland County Chapter, American Red Cross. This program is arranged in cooperation with the OGD functions in two Oakland County hospitals where volunteers receive training, after which they give their services to the hospital. This program has, due to the shortage of nurses, been of great benefit to the hospitals in which it operates. Sixty-two graduates of the May and August classes have given a total of 3,850 hours at Pontiac General Hospital and St. Joseph Hospital. One third of the 62 graduates have each completed the 150 hours pledged to the hospital.

An evening and an afternoon class will function in October and November. There will be interview between two and five o'clock Wednesday and Thursday, and between seven and nine o'clock Wednesday evenings, at Volunteer Service Headquarters, 6 Seneca Street, Pontiac. The Nurses Aide program functions under the volunteer services program of which Mrs. Sheldon Noble is chairman.

RULES to help keep your electric appliances in

Wipe them FOR THE DURATION!

YOUR REFRIGERATOR. Defrost regularly—don't chip off the frost with a knife or sharp tool! Whenever you defrost, clean out the inside of the refrigerator with lukewarm soapy water. Avoid over-crowding; Never store foods that do not require refrigeration. Locate your refrigerator away from heat sources. Do not put hot foods in refrigerator to cool. Unless your refrigerator has a "sealed-in" motor, have it oiled and inspected regularly. YOUR ELECTRIC RANGE. Keep the porcelain exterior clean. Do not use a stiff brush or sharp instrument to remove spilled food from heating elements. (Food should be burned off.) Do not let spilled food dry or harden on the range. Ventilate oven after each baking or roasting operation—leave door open. When cool, wipe inside of oven with a damp cloth. YOUR ELECTRIC WASHER. Wringer rolls are rubber—and precious. When through using wringer, release pressure on rolls so that they can stretch and breathe. Don't try to force but buckles, metal buttons, etc., through rolls. When finished washing, drain and rinse the tub, and wipe dry with soft cloth. Drain the hose, rinse and dry agitator or suction cups. Do not overload washer—this puts strain on motor. YOUR VACUUM CLEANER. Before cleaning rugs, pick up such metallic things as hairpins, tacks, nails, etc., by hand. These can cause burn punctures, bell-cuts, or even get tangled up in the fan. Be sure nozzle and brush are adjusted properly. (Improper adjustment may break rubber belt.) Empty dust bag frequently. Once a month, turn it inside out and brush thoroughly. Never wash bag. Keep brushes free from hair and threads. THE DETROIT EDISON COMPANY
