What You Buy With WAR BONDS

The "Stovepipe," as the 80-millimeter trench mortar is commonly known, is used by our infantry for close-in fighting. It fires a 24-pound shell at the rate of about 35 a minute.

The mortar fires its projectile in U-shaped arc and for this reason it is successfully camouflaged and is difficult to detect. It costs about \$20. You and your neighbors, joining together, can buy many of these effective weapons for use of our army. Investing at least ten percent of your income in War Bonds every payday will do the job. Get on the firing line on the home front. Join the "Ten Percent Club." U. S. Treasury Department

Managing Your State Government Is a BIG Job

EVEN IN ORDINARY TIMES the Governorship calls for competent leadership. Now with the Nation at war and with Michigan's important role in the war effort, the responsibilities of the Governorship can only be met by a man who has the vigor to get things done. Governor Van Wagener's experience as Governor and as State Highway Commissioner for eight years assures you that he will get things done—and RIGHT!

1. Ability to pay off the State's \$27,000,000 debt means value received for your tax dollars.
2. Well directed Civilian Defense means protection for you, your home and your family—no matter what comes.
3. Close co-ordination of Michigan's all-out war effort means all-out delivery of war tools to our men on the fighting fronts.

Here's What It Means to You

PERFORMANCE PROVES HE GETS THINGS DONE!

Reelect **Van Wagener** MICHIGAN'S WAR GOVERNOR
