FIND OUT IF TELEPHONE

SERVICE IS AVAILABLE

It's a wise precaution to consult the Telephone Company about service at your new location before you go too far with your plans.

Today many materials used in telephone lines and instruments are more urgently needed in weapons for the armed forces. That's why the War Production Board has placed drastic restrictions on new telephone installations.

Except in cases where telephones are directly essential the war effort, or to public health, welfare or security—

- New telephone service cannot be provided at some locations.
- 2. Party-line service, only, can be furnished in many cases.
- 3. Temporary service, only, can be supplied at some points, subject to withdrawal on 48 hours' notice if needed for essential 4. Extension telephones cannot be installed in residences.

In so far as material shortages and war restrictions permit, we shall continue to provide the best service possible. And we look forward to the day when we again can give the kind of service wanted, "when and where wanted." But now, and for the duration, war needs come first.

PLEASE do not call "Information" for numbers fished in the Directory Michigan Bell Telephone Company SAVE WIRES FOR WAR!
