## SENIORS WILL CHOOSE D.A.R. CANDIDATES

What Senior girl is F.H.S.'s best all-around citizen? Who shows in her daily dealings the most of these qualities: (1) Dependability—truthfulness, loyalty, punctuality; (2) Service—cooperation, courtesy, and consideration of others; (3) Leadership—personality, self control, ability to lead; and (4) Patriotism—unselfish interest in school, community, and Nation?

Through the election to be held this week, the seniors will decide who of their classmates is most deserving of this honor and who will, consequently, be Farmington High School's representative in the Good Citizenship Pilgrimage Contest, sponsored again this year by the "Three Flags" Chapter of the Daughters of the American Revolution. The candidates, selected by a faculty committee who have known the girls for two or more years, are: Christine Belling, Joyce Brown, Doris Campbell, Bernice Lundberg, Ruby Moody, Irene Morris and Constance Peterson. The faculty committee consisted of Mrs. Charles Luce, Miss Mildred Abbott, Miss Ruth Bacon, Miss Marian Dammon and Mr. E. V. Ayres.

The school winner will be the guest of the D.A.R. at a special get-acquainted luncheon, when she will have the opportunity to meet girls from other schools who have the same general interests and outlook.

A state winner and two reserves will be selected by a special committee of three disinterested parties after questionnaires have been returned by school representatives. The winner from each state will be the girl who receives the majority vote of this committee. The state winners will, no doubt, visit some city of historical importance, with all expenses paid. Usually the trip includes Washington, D.C., but last year it was necessary, because of the crowded conditions, to go to Chicago.

Dorothy M. Goers, now a freshman at Michigan State College, was this school's first representative. She placed third in the state last year. She has mentioned that her G.C.P. contacts were among her most pleasant and enjoyable high school experiences.

## Defense Bond

Who is buying and really trying "to keep 'em flying," to keep from dying with a defense bond?

Work for peace on your knees, as busy as bees; then share your fees, with a defense bond.

From June to May every day you will save, for a defense bond.

If you were sent to sleep in a tent, only eight cents, you would give your consent for a defense bond.

We will win with a grin, if you begin to pitch in with a defense bond.

—Evelyn Morley, Freshman English.

## America

America the beautiful, America the free, America the mighty, With the Statue of Liberty.

Wings for America, Tanks and cannon, too, America the beautiful, The land of the brave and true.

America, our country, Of red, blue, and white, America, our country, The land for which we fight.

—Gwyned Edwards, Freshman English.

## AROUND THE GRADES

The third graders are making book reports on their library books. They are learning to note the author, title, and contents. The attendance was low this week on account of the weather. The lowest record was 11 present.

In the fourth grade they have made a frieze showing Eskimo life. Because so many were absent, they have had numerous spelling bees. The boys seemed to win every time.

## F.H.S. CAGERS ARE DEFEATED BY NORTHVILLE

History has proved that co-operation is important to victory in basketball. This was brought home to Farmington's basket ball team Friday night after they had lost to Northville, 34-26.

The first half was all Northville, as Farmington's team were poorly organized. The first quarter gave Northville a commanding lead of 11-1. The second quarter wasn't very much more profitable, for Northville held F.H.S. to 2 more points and the score was 13-3.

At half time Coach Bob Hutton cornered his boys and gave them some fatherly advice. They came back in the last half with a game rust of 23 points, but fell short and Northville went on to win 34-26.

This week's defeat was a setback to Farmington. R.U. won the first game between the two teams 19-17. A real contest is in store this Friday night.

## Second Team Adds Another Victory

Farmington second team racked up its fourth victory of the season when they defeated a much larger Northville team, 24-10. Northville was held to 5 points in both halves while Farmington was getting 18.

This fourth victory was the second one over Northville. The first game was won by the score of 23-19.

Friday night the boys are out to defeat Redford again. They lost to R.U. also by the score of 15-10.

## Homemaking Department Organizes Canteen Unit

The Homemaking classes have become organized into an emergency canteen unit. Plans have been made so that an appetizing and nutritious meal can be served to approximately five hundred within three hours after notice.

Four different menus, consisting of a substantial hot dish, sandwiches and milk have been planned. These menus are written on cards, together with the material orders, and placed in a file in an accessible place.

The lunchroom equipment has been inventoried and is adequate for the task. Tables will be set up in the gymnasium which is a good air raid shelter. The meal will be served cafeteria style.

The merchants in Farmington have assured the girls that they can supply the food needed.

The following show the plan for carrying on the work. Each girl knows her place in the plan and what she is expected to do.

Cooks—Miss Rich  
Coe—Mary McGrover, Margaret Elkins, Jeannette Bousie

## 'TIS SAID . . .

What happened? It must have been a pretty fast toboggan party. I suppose bodies were flying here and there, but it really isn't anything to laugh about; Poor Dave. Too bad it wasn't his right hand.

Now we can all breathe a sigh of relief. What a relief! Well, anyway, Senior boys know each week brings us closer to that unforgettable day. I get a lot of us wish we were freshmen again, though.

Poor! All! But why should we feel sorry for him? After all, I'll wager lots of boys have tried to get into an all-girl class. He can now be the smartest boy in the room.

I don't blame the teachers for taking time off. After what they have been through! I wonder if they will all get excused absences.

Mr. Luce, Mr. Bauman, and Mr. Stroebel weren't here Monday. Mr. Luce has resigned; the other two are ill.

Paging Elderidge—"Tis Said the Biology class has enrolled a new member. Elmer, we just know is going to be a very popular little boy.

Here are a few of the boners which appeared on some of the exams. I imagine there were lots of other ones we could have a good laugh over, too.

## Snowed-In Dance Draws Good Crowd

Despite the snow and cold weather, there was quite a turnout for the Student Council dance Friday, January 22, primarily in the alumni group. Bob Erwin, Bob Russell and Bob Gullen were among the graduates who attended.

## Blue And White Loses Five Reporters

Because the Automotive Mechanics lectured are given the same time that the Journalism class meets, our staff will be minus five reporters: Dave Sullivan, Jim Meloney, Joe Myrelles, Bill Checketts and Harry Zarish. These boys are of draft age, so the induction courses are particularly important to them. That importance, however, does not lessen the staff's regret that they must "re-sign."

There's one bright spot: Sullivan and Myrelles have volunteered to cover the sports run whenever they can. Thanks, fellows—that's what we call a "friend in need."

## Rosebud

Rosebud is eight, and the most beautiful shade of caramel fudge. To her loving Mamma and Pappy she is known, on approximately six days of the week, as "Rosebud." It was on her devil child days that Rosebud tied the knots in her hair that Mommy had taken in for washing, and poured the whole of the vanilla bottle into the lamb stew.

On her angel days Rosebud is equally imaginative even if a more restless occupant of the little shack down on Vinegar Hill. Once when Mamma was out doing day work, Rosebud got a wave of electricity from the kitchen and secured every pot and pan in the kitchen so that they literally glistered. Another day, left alone, Rosebud found Pappy's room to such a point of apple-ripe order that it was a week before Pappy could find an undergarment.

Rosebud is a great reader of the newspapers. Mamma and Pappy don't take one, but there are plenty of perfectly good newspapers blowing round Vinegar Hill. It was out of them that Rosebud got her idea for spending the ten cents the Bunny had put under her pillow the night her tooth came out. After breakfast, Rosebud disappeared down the Hill and reappeared soon after with a beautiful ten-cent War Stamp pasted into a brand-new book with neat little squares for more stamps. She displayed her investment to Mamma. "I declare you're an angel child," Mamma said. Rosebud went on sitting on the kitchen floor staring with large brown eyes at the empty squares in her book. From time to time she took hold of one or another of her teeth and wiggled it gently.

Mamma was engrossed in a particularly big washing. Rosebud was as quiet as a mouse and Mamma forgot about her until, coming in from the yard with her arms full of dry sheets, she encountered her child with a large hammer in her hand. Scanting the devil in her angel child, Mamma shouted at her, "Rosebud of come here with that hammer! What you planning on doing?"

But what was done was done. In Rosebud's other hand was another tooth. Her mouth was stretched in a broad, slightly bloody smile. "I ain't doing nothing, Mommy," she said. "I'm just filling my stamp book."

## Legal Notices

VAN WINKLE & VAN WINKLE, Attys., First Bldg. a North Main Bldg., Detroit, Michigan.  
THE CIRCUIT COURT FOR THE COUNTY OF OAKLAND  
DO CHANCERY  
No. 2318  
GEORGE W. KELLERS and MELVIA WIXSON KELLERS, his wife, Plaintiffs,  
vs.  
THOMAS GARNER, Jr., JERUSA PLINT, Jr., LOCKWOOD CLARK, and their unknown heirs, devisees, legatees and assigns, Defendants.  
Bills pending in the Circuit Court for the County of Oakland, in Chancery, at Pontiac, Michigan, on the 24th day of December 1932.

It appears from the sworn bill of complaint as filed in said cause, that the plaintiffs have not been able after diligent search and inquiry to ascertain whether the said defendants are alive or dead, or where they may reside if living, or if they have any personal representatives or heirs living, or where they or any of them may reside, or whether the title, interest, claim, lien or possible right of these defendants have been assigned to any other person or persons or whether such title, interest, claim, lien or possible right has been disposed of by will by the said defendants.

It is further appearing that the plaintiffs do not know and have been unable after diligent search and inquiry to ascertain the names of the persons who are included as defendants without being named.

Upon motion therefore of Van Winkles, attorneys for plaintiffs, it is ordered that the above named defendants and their unknown heirs, devisees, legatees and assigns, cause their appearance to be entered herein within thirty days from the date hereof, and that in default thereof said bill be taken as taken against said defendants and each and all of them.

It is further ordered that the plaintiffs cause this order to be published within thirty days in the Farmington Enterprise, a newspaper published and circulating in said County once in each week for at least six successive weeks.

George J. Hartfield, Circuit Judge.

## Electricity brings you a DOZEN HELPING HANDS

## for only ten cents a day!

You'd need a dozen helping hands to perform all the jobs in your household now done by electricity. And if you had to hire extra help to do this work, you'd appreciate even more how LITTLE it costs you to do those jobs electrically.

Washing and ironing clothes, furnishing news and entertainment by radio, making toast and coffee, keeping time, vacuum cleaning rugs and drapes, in addition to lighting your home—electricity performs all of these tasks at a cost of 10¢ a day or less for many families. See how inexpensively these electric servants work for you (figured at 24¢ net per unit—the thrifty "bargain" step in your residence rate): ELEC-TRIC CLOCK 3½¢ a month, VACUUM CLEANER 4¢ a month (used 20 minutes a day), WASHER 6¢ a month (used 2½ hours a week), ELECTRIC IRON 1¢ an hour, FOOD MIXER 1½¢ an hour, WAFFLE IRON 1½¢ an hour, HEATING PAD 1/10¢ an hour, REFRIGERATOR 16¢ a week, TOASTER 6¢ a month (used 5 minutes a day).

Probably nothing you buy today gives you so much in return as your electric service. It is one of the few things that has not increased in price.
