Don Pedro and the Devil—Edgar Maass. This story takes place in the early Sixteenth century and Don Pedro de Cordova was already old in experience though only 28 years of age. Don Pedro and the Devil is a

years of age.

Don Pedro and the Devil is a tremendous novel in every sense of the word—a brilliant reraction of a brilliant era, through which trops the lavish and lusty pageantry of a day long past; yet it is timeless as man's inbumantly to man, and timely in its humbling reminder of the blood Arenched soil out of which our western civilization had tis beginning.

One becomes so engrossed in the vivid narrative that until the novel is reluctantly put down one scarcely realizes that here is fiction which is both a scholarly achievement and an artistic masterpiece. Gradually the theme of this great work emerges and the reader often wonders, as he visualizes the appeciancian but subble acts of its magnificent drama, if a parallel may not be drawn between the author's picture of the Spanish Empire and our sick world (today.

It is a picture of the Golden Age
of Russia.

This is the study of a ruler who
devoted his life to improving the
conditions of his subjects and who
was blown to places by Nihllist
bombs. Through the book runs
two strains—one, the domestic
problem with Russia developing
as a ration, and the other, the international problem with Russia's
mildion in conflict with the ambitions of the west.

This book is necessary to those
who would undorstand present day
Russia. Without an understand.
