There is one thing that they can never ration—Happiness. We can always have just as much as we are willing to take.

When a woman is happy, the effect is the same as turning on a lamp in a darkening room.

I'm ordinarily a very optimistic person, but the beautiful weather of the past week is only a teaser, it couldn't possibly be spring yet.

There were some worthy folk back in the days when JURGEN was sirrat published who evidently did not agree with what the author says in his foreword to the book: "this tale of the old years can be given to English readers almost unabridged, in view of the singular delicacy and puremindedness of the Jurgen mythos," for it raised a storm of pureminded wrath. The decade since 1919 has shown a

Remember — every second you can save on the telephone is vitally needed in the war effort. Use the directory. Don't call finformation? needlessly, please! * WAR IS ON THE WIRES * Michigan Bell Telephone Company

Many people have the habit of asking "Information" for numbers instead of looking them up in the directory.

It's always a wasteful habit, particularly to be avoided now because it ties up fines and equipment crowded with war calls. And six out of ten calls for "Information" are for numbers that are listed in the directory!

Brush off those cobwebs!
