ONLY THREE SPACES TO FILL IN

1. Write your meter number in the
space provided above the dials. You
will find it on the meter face.

2. Show on the printed dials the
position of the hands on your meter
dials.

3. Sign your name and write below
your address and the date. That's
all there is to it.

**If you wish to Read Your Own METER
THIS CARD MAKES IT EASY**

To help conserve the nation's stock of automobiles, tires
and gasoline, we are reading household meters and some
commercial meters every two months instead of monthly.

For the month when your meter is not read, your bill is
a payment on account. It is based on your normal use of ser-
vice, and it enables you to keep your expenses budgeted on
a monthly basis. When your meter is read the following
month, your bill covers your actual use of service for two
months less the amount you have paid on account.

Most customers find this plan convenient and satisfac-
tory. A few have asked the privilege of reading their own
meters in the month when our meter reader does not call.
That's perfectly agreeable. If you would prefer to read
your own meter, drop in at the office and we'll gladly give
you some postcards like the one pictured here. They are al-
ready stamped and addressed, and it's easy to fill them out.
