Dear Sir:

I have finally got around to writing you again and to thank you for sending me your paper. It keeps me in close touch with friends of mine that I otherwise would not know if they are alive or dead. Looking over the Enterprise I just received I see several fellows I went to school with—Private Harold Aldrich, Ray Slesewski, Bob Lohr—Yesh, I guess you could call us all cousins because we are all fighting for the same Uncle.

My wife has been down here for the past month in Riverside, a few miles from camp, due to the fact that I can not get a long enough furlough to come home, though we are off desert maneuvers. A couple of months ago I was made a Corporal.

Those boys down in Africa are doing a good job. A lot of them are pals of mine and also two cousins of mine are in North Africa. I am sure I'll be over there doing my part as Uncle Sam's radio operator. That's all this time from our Coast Artillery Anti-Aircraft unit, here in Camp Iliam, California.

Signing off,  
Corporal Dick Roth.

Marksmen in rifle shooting is now being worn by Corporal Reuben W. Tilley, because of his accuracy on the range at the West Coast Ordnance Training Center at Camp Santa Anita, California. Corporal Tilley was employed in civilian life by the Julius Poran Co. He attended school at Clarencville High, and is the son of Mr. and Mrs. E. Tilley of 33355 Shilawaste.

To the Enterprise:

I want you to know how much I appreciate receiving the "home town" paper each week. I'm like Lee Taggart—I even read the Enterprise when I was at Bunnell for five months and like it better every day. We have patients of all nationalities and from all the major battle fronts, so you can imagine how interesting the work is here.

The Red Cross does a marvelous piece of work here at Bunnell, and are evidently doing the same in many places overseas. When I read in the Enterprise about the "Blood Bank" coming to town several weeks ago, I was wishing all the people could bear

the stories from some of these patients whose lives have been saved because someone had given blood. Thank you, once more, for sending me the paper.

Sincerely,  
Lt. O. Grimwade, A.N.C.  
Brigham City, Utah

Dear Sir:

Well here I am again with another change of address. It has changed quite a number of times in my eighteen months of service, hasn't it?

I'm now on a cutter in the North Atlantic, and it's pretty good.

I would like to thank you for your kindness in sending the paper, and I would also like to see the Blue Star Mothers get a good write-up. I have been receiving cards and packages from them at every occasion, and I think it is quite nice of them.

Lights were just piped out so I'll have to close, with hopes of getting another paper whenever I hit port.

As ever,  
Douglas Balfour

Help! Enterprise: I have been receiving the Farmington Enterprise for eight months now, and I think it is about time I should write to you and thank you for sending me the paper.

I was born and raised in Farmington so you can see just how much the home town paper means to me now that I am away from Farmington.

When I enlisted in the army I was sent from Fort Custer to Kelly Field, Texas, and went to school at Kelly and learned how to be an airplane mechanic. After being there for six months, I was shipped, along with the rest of the squadron, to Tarrant Field, Texas, where I am now stationed. Here I am in charge of about 24 Liberator bombers and also going to aerial engineers school, and it won't be long before I leave here for Liberal Field, Kansas.

I like the Army well and will be glad to come back to dear old Farmington as soon as this war is over.

I will thank you again for the paper, and say goodbye for now.

Yours truly,  
Private Donald A. Oldenburg.

In a letter received by Mrs. John Kroecker, her son enclosed the following poem, dedicated to her and other mothers of service men.

MOTHER

M—As in mother, is one so dear to me;

O—As in old, as the years pass by;

T—As in, tears she shed as I left for camp.

H—As in heart as pure as gold.

E—As in eyes with love light shining.

R—As in right, as she always will be.

Put them all together, they spell mother, a word very dear to me.

—Private W.K.

Private George W. Devroy, son of Mr. and Mrs. George A. Devroy, 7125 Orchard Lake Road, was promoted to the grade of private first class this week and enrolled in Keebler's huge B21 Liberator mechanics school.

Another large class of potential combat pilots, departed from the San Antonio Aviation Cadet Cen-

ter to take advanced training at primary flying fields. Members of the class included 320 from Michigan, of whom one was from Farmington. He is Aviation Cadet Donald E. Duell of 25641 Orchard Lake Road.

Mr. and Mrs. Miller of Tuck Road received a letter from their son, Private Charles (Jerry) Miller, who is located in North Africa, and also a letter from his fiancée, Miss Jeanie Hess of Northants, England.

May 15, 1943

Dear Sir:

I have been meaning to write before, but didn't have time.

Thanks a lot for sending me the Enterprise. I get a great deal of pleasure in reading it. It is also able me to keep in touch with some of the fellows from Farmington.

Sincerely,  
Opl. Stanley Giddon  
Charleston, South Carolina

Edwin W. Giesewski of 20225 Purlingbrook Road, has been commissioned a second lieutenant in the Army of the United States after successfully completing a

course of training at the Adjutant General's School at Fort Washington, Maryland. He was one of a class of 17.
