## What You Buy With WAR BONDS

Every shipyard in our country is setting amazing records in the construction of a merchant marine so essential to the transport of supplies and men to the seven seas. The overall cost of these hundreds of ships now building runs into millions of dollars.

Many of them are called "Victory" ships and you are contributing to this victory by your purchase of War Bonds . . . at least ten percent of your income, every payday. We'll need these ships after the war, too, when Peace comes.

## Bomb Targets

Scores of camouflage artists will be turned out in each area, who will effectively hide American industries and airports from the eyes of enemy bombardiers.
