It's Always Cool at The CIVIC

PREDICT RISE IN INSURED AUTOMOBILES

Although Automobile insurance rates in Michigan have always been among the lowest in the country, the percentage of persons in the state carrying such insurance has never been higher, according to the Travelers Insurance Companies.

When the new amendment to the Michigan Motor Vehicle Financial Responsibility Law goes into effect July 30, the number of cars in the state protected by liability insurance is expected to rise sharply. If the experience of other states which have adopted similar laws is borne out in Michigan, in a few months probably only one out of every four motor vehicles will be without liability insurance.

Reason for this predicted rise is the fact that the Michigan law provides for the suspension of the operator's license and registration of any uninsured owner or operator involved in an automobile accident causing bodily injury or death unless he can prove his financial responsibility in one of two other ways. First, by furnishing an affidavit certifying that all personal injury or death claims resulting from the accident have been settled, or, secondly, by posting sufficient security with the Secretary of State to pay all personal injury or death claims resulting from the accident. The amount of security to be posted is to be determined by the Secretary of State and may be any amount up to \$11,000.

As pioneers in rubber conservation, members of the bus organization report they ordinarily average better than 40,000 miles per tire, with many tires giving 75,000 miles of wear. Even when discarded for safety reasons, the bus tire still has enough reclaimable rubber to make several passenger car tires.

The consumption of gasoline and diesel motor fuel was even less in comparison. The typical bus which carried 15 passengers for every mile of operation, averaged six miles to the gallon, a figure not far below the average of some of the larger pleasure cars. The total usage by intercity buses was 4.4 million barrels of motor fuel, a fourth of the consumption of all commercial vehicles.

Legion Auxiliary To Nominate Officers

The Ladies' Auxiliary of the American Legion will hold their regular monthly meeting, Monday, July 12, at which time officers for the coming year will be nominated.
