

**Keep Iron Clean**  
Be sure your iron is clean when you store it. If there are starch spots on the sole plate, try removing them with a cloth wrung from soap-suds or a very mild scouring powder such as whiting or silver polish. Finish cleaning by wiping the iron with a cloth wrung from clear water and polish with a dry cloth.

**Shoe Wear**  
An indication of the field for future growth of shoe sales in South America is gained from comparing United States production in 1941 of 493,000,000 pairs of footwear for 131,000,000 pairs of feet, with 2,500,000 pairs that year for nearly the same number of feet in the 20 other American republics.

You have to make the most of what you have in wartime. Conservation of your farm machinery is not only economical but a necessity these days when time means more food—and more food means less suffering for those at home and abroad.

Keep your machinery and tractor in fighting trim for the big job ahead!

We will do our best to supply the necessary parts.

**THIRD LOCAL AVIATION TEST TO BE GIVEN**

Major Harry C. Olson, president of the Detroit Aviation Club, 221 S. Saginaw Street, will conduct the third local Army Aviation mental test at 1:15 p.m. on Wednesday, November 3rd in the Pontiac High School Cafeteria. All young men between the ages of 17 and 28 years, inclusive, married or single, may take this test.

The examination is designed to test the aptitude and general knowledge required for air cadet training. Those passing this test will be given their physical examination at Selfridge Field.

Taking this test does not obligate the candidate in any way whatsoever.

No one will be called into air cadet training until he is 18 years of age. If he is in school, he may have six months after his birthday to continue his education.

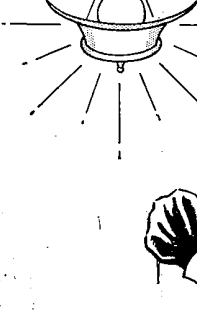

For further information, contact the U.S. Army Recruiting Information Center in the lobby of the Peoples State Building, Pontiac, Michigan, the Veterans of Foreign Wars at 221 S. Saginaw Street, or the Civil Air Patrol at the Municipal Airport on Sundays.

Small Shops  
In Argentina, there are less than 50 sizable shoe factories, but an additional 2,000 small establishments make shoes, according to the Argentine Shoe Industry association.

**This electric light BURNS COAL!**

Every time you snap the switch of your kitchen light—or any other electric light in your home—that light actually BURNS COAL. Thousands of tons of coal per day are required to manufacture electricity for Detroit Edison customers—besides manpower, transportation and other critical materials. When you save electricity you save coal, and that is vitally important today.

Our government asks your help and the help of every person in America to make this nationwide conservation program a success. The program is voluntary, but your loyal, wholehearted cooperation is a MUST. Anything you can do to save electricity is a direct contribution toward winning the war. The Detroit Edison Company.

**CONSERVE ELECTRICITY**

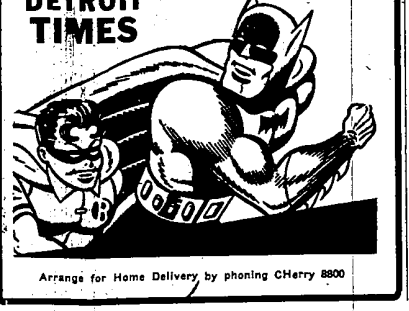

Even a 3 per cent saving in the monthly use of electricity by Detroit Edison customers will save

7,000 TONS OF COAL PER MONTH (117 CARLOADS)

VITAL TRANSPORTATION 8,500 MANHOURS
