Dear Sirs:

Just a few lines to let you know how much I appreciate getting the home paper. For some time I didn't get a paper. Now they are coming in every few days with old but welcome news of home.

In the July 29 issue was an article about barber shops in Africa. Here is a bit on them here in Sicily. The fixed price or ceiling price on hair cuts is 5 lire, shaves 4 lire or both for 8 lire—lire is worth one cent. They are very good giving an excellent haircut and a clean shave. One interesting thing, there are several free lance barbers who solicit business

near where G.I. lamps are. One has a lot of 15 years, yet an excellent "Little Shaver."

Thanks again for the home paper.

Sincerely,
Private F. Henry Mahaney

Dear Sirs:

Just a card to let you know my change of address. I graduated from flying school the first of October and am now at B-26 operational school and like the place and plane very well. Would like to thank you for sending the paper as I enjoy reading the Service Notes very much.

Second Lt. Richard Carlson,
Dodge City, Kansas

Destined for service close to the front lines, members of an Ordnance mobile maintenance unit are prepared to operate under any conditions in the coming "battle of Europe." They promise to "keep 'em rolling" even if it means making their own tools and parts from scrap metal. Operating from shops-on-wheels, the men are responsible for keeping the vehicles of a large infantry unit in battle trim. Already they have improvised a number of devices for improving the speed and quality of their work in the field. Among the members of this unit is Private Louis Edward Esch, of Middlebelt Road.

Kenneth A. Schweizer, son of Mr. and Mrs. Anton Schweizer, and husband of Mrs. Miriam Schweizer, all of 23304 Orchard Lake Road, has been recently promoted from the rank of corporal to sergeant at the Altus Army Air Field where he is an aircraft mechanic crew chief.

Sgt. Schweizer was employed by the Ford Motor Company before his enlistment in the Army Air Forces ground forces in October 1942. He and Mrs. Schweizer have a four-month old daughter, Janice.

Private Ralph Howie has returned to College Park, Maryland, after spending seven days furlough with his parents, Mr. and Mrs. Milton Howie of Rollcrest Drive.

Among cadets now stationed at the Army Air Forces Preflight School for Pilots at the San Antonio Aviation Cadet Center, the nation's largest school for training air crews, are 145 young men from Michigan, including Aviation Cadet John J. Costello, of 18845 Merriman Road.

Dear Enterprise:

I sure was glad to receive my first issue of the Enterprise from you. It sure brought me up to date on local affairs.

I am sure glad to see the local team is doing so well on the grid-iron this year. They deserve all the breaks possible, as they are a swell bunch of fellows. They have one of the finest at their coach, namely Robert Hutton, and a swell

fellow for a captain. Don Kosmen-

sky. I graduated from Farmington, Barney Matrilie. They sure keep one busy around here, but the work is interesting and the studies are not too bad.

There are only about six hun-

dred (600) coeds at this college, and only a few hundred cadets. I have yet to see a coed that isn't good looking, but the Navy doesn't give us much chance to take advantage of the situation, except on week ends.

I know Farmington will hold to-

gether until her servicemen re-

turn. Thanks again for the paper.

Very truly yours,

Art MacCulloch

Wooster, Ohio

P.S. If Bob Hutton or Don Kos-

mensky should hear of this, any-

thing said is purely coincidental.

Yours... Forever!
