PRESERVE THE FARM FRONT

The farm front is as important as the war front. Production must be increased. Keep your farm equipment in good running order. Replace worn parts.

"...and I'd clap my hands and dinner would be ready..."

WOULDN'T it be wonderful if cooking were as easy as that? Haven't you wished it a thousand times?

With almost as fabulous as coming true... tomorrow! For in the laboratories of the Gas industry, engineers are developing plans to make your own house as wonderful as a magic castle.

There'll be amazing Certified Performance Gas ranges that "do everything but put dinner on the table." Gas refrigerators and water heaters that perform a hundred miracles to make life easier, more enjoyable... house heating and air conditioning that make your home as cool as the mountains in summer, as balmy as the tropics in winter... without a lick of work from you.

Today, the tiny, blue Gas flame that will make all this possible is working to speed Victory. Use it wisely.

But tomorrow this same blue flame will transform your home—be it large or small—into a happier, healthier, more economical place to live.

Isn't this something worth saving for—with every War Bond you can buy?

THE FLAME THAT WILL BRIGHTEN YOUR FUTURE

GAS

CONSUMERS POWER

Victory

(Continued from Page 3)

No increase in Butter. Butter available for civilian use will not increase during the next few months, although the Federal Government has discontinued all purchases of the commodity until April, according to information from OPA and WPA. Current production of butter averages about 16 pounds a year per person, or about half a pound less than in pre-war years. Of this, 3 1/2 pounds are being sent to our armed forces and our allies, leaving approximately 12 1/2 pounds per person for civilian consumption. Up to 5 million pounds of butter will be released to hospitals from stocks held by or set aside for the Food Administration. The butter is to supply the hospitals from November through March, and ration coupons will be required.

OPA Authority Upheld

Authority of OPA to forbid persons from dealing in rationed commodities as a result of violations of rationing regulations was upheld in a recent decision by Federal Judge Archibald Levett of Georgia. Judge Levett ruled that OPA does have the authority, under the second War Powers Act, to issue such suspension orders and dismissed the complaint filed by a gas dealer who had been suspended from dealing in gasoline for 90 days because of violations of the rationing regulations.

Lit. Pork, Lard Restrictions

Restrictions on the number of pounds of pork and lard made from home-slaughtered hogs that can be sold or given by a farmer to people not living on his farm have been lifted from November 17 to February 17, 1944. The War Food Administration lifted the restrictions to help handle the slaughter and distribution of this year's record hog supply. Farmers are asked to find out from their market agency or processor whether their hogs can be handled before sending them to market.

Restricts Farm Equipment Sales

To prevent others from getting scarce farm equipment needed by farmers, the War Production Board has issued a revision of the Farm Machinery Order, L-257, which prevents dealers from selling rationed farm equipment for non-farm use, except on a rated order of AA-4 or higher.

Apple Products To Cost More

Consumers will pay more for apple products because OPA has increased maximum prices for apples in sales to processors. The

HOME NURSING COURSES OPEN TO ALL WOMEN

Conscious of the shortage of nurses and anxious that all individuals who wish may have the opportunity to participate in the Home Nursing, the Oakland County Chapter of American Red Cross has classes now meeting in all parts of the county.

Home nursing instruction helps a person to know good health habits and to be on guard to treat symptoms of a disease in order to ward off or shorten illnesses. Anyone interested in taking this popular Red Cross service may call the chapter office at 12 Geneva Street, Pontiac, telephone 8-3393.

Volunteer instructors who are giving their time to furthering this service include Mrs. Otto Schenck of Clarenceville.

amount of the increase at the consumer level will vary with the product and the size of the package.

Increase in Unemployed Money

Unspent and unemployed money in the United States during the second quarter of 1943 amounted to 2.8 billion dollars, compared to the 1.7 billion dollars in the second quarter, 1942. The Office of War Information said in its first quarterly report on "economic stabilization." In spite of paying more taxes and buying more War Bonds, Americans still were able to build up a store of unspent money. Should holders of this money now begin to bid against each other for scarce products, it would make the job of holding the line against rising prices enormously more difficult.

Byrnes Urges "Save Paper"

Urging a greater drive to conserve and salvage paper, James F. Byrnes, director of War Mobilization, said: "The war needs for paper and paperboard are greater than our present ability to produce. The shipment of bombs and shells depends upon paper bands and containers. Rations, blood plasma, medicines, bullets—all find their way to the fighting fronts in paper containers... we must all curtail all waste paper to local salvage committees or local charitable organizations and thence to the mills at once. Every scrap of paper that you can save and turn in will help."

Give War Stamps For Christmas

"A stamp drive for Christmas," that's what the Treasury Department wants for Christmas. To encourage the giving of war stamps, many ideas for utilizing them in gifts and decorations have been suggested—war stamps attached to a telephone tag containing a small gift; war stamp lapel ornaments; a tiny Santa Claus holding stamps; small Christmas stockings containing stamps; a baby's rattle with stamps tied with ribbons; and stamps tied with ribbons to children's toys. The stamps may also be used as decoration on wreaths, fastened to candies, and on Christmas cards.

Be Thankful For Food

"I think we should thank the Creator with particular humility for the possession (food) that makes our smiles liberators, not looters," said Marvin Jones, head of the War Food Administration, in a Thanksgiving Day statement. To the people of looted, starving countries, Mr. Jones continued, "The coming of the Americans means a chance to live again, to work their land and enjoy its products. We will not take their food. We have our food. For that, and for all it means, we give thanks."

May Cut Point Values

Storekeepers, distributors, and others in the food trade may cut point values of canned, frozen, and dried foods that might spoil if held in stock too long, OPA announced recently. However, the point values may be cut only if prices are cut at least 25 per cent.

To Collect Clothing And Rags

The nationwide drive for collection of discarded clothing and rags started November 22 and will continue through December 4. Only discarded clothing is wanted and all types are needed, according to WPA. Donors are requested to see that worn garments are brushed, and cotton garments and rags are clean. Mending is not required. Any unwearable clothing that can be reduced to rags is also desired. Not wanted are shoes, rubbers, rubber boots, galoshes, slippers, leather leggings, leather gloves, hats, caps, neckties, collars, garters, garter belts, suspenders, belts, girdles, corsets, brassieres, vests, spats, rubber coats, diapers, and masquerade costumes.

No Curves

A baseball bat's paradise, free of curve balls, is Quito, Ecuador, which is 9,500 feet above sea level. Because of the rarefied atmosphere, only straight pitches come across the plate.

Michigan Mirror

(Continued from Page Two)

for earnings of labor to be increased still more when prices rise to a higher level? The farmer believes that the consumer should pay higher prices; the laborer wants his earnings increased because of present prices.

....

POLITICS. Confusion breeds dissatisfaction, and dissatisfaction on the home front may become a political liability for the national administration, if November ballot trends continue. Here is the reasoning of Republican leaders: The voter is dissatisfied with domestic conditions. Labor will split its political support. AFU will support the Republicans and CIO backing the Democrats. The senate resolution pledging American participation in an international peace court or league received Republican support. Hence there is no issue on foreign relations. The European war may be over by November, 1944.

....

DEMOCRATS. Here is the current line of Democratic leaders: President Roosevelt will seek a fourth term. To stem the current tide against regimentation, he is courting conservative support of industry and business. Meanwhile, Vice President Wallace is courting organized labor and farmer, warning them not to enter into "unholy alliances" with capital "to loot the consumer's pocket" and proposing new social reforms through spending of public funds. The Roosevelt magic will swing the tide, prevent swapping horses in mid-stream, et al.

....

CRUCIAL YEAR. With an invasion of northern Europe and an election campaign both likely to coincide in 1944, the nation faces a most crucial year. James A. Farley, Democratic state chairman in New York, has characterized 1944 as being "the most important election we've had since this great Republic came into being." It looks like Jim was right.

....

Take Time For Removal. One important step in removing stains is to take time to do a good job. Too many people hastily dab a stain with some removing fluid with a result that the stain remains. A ring is formed in the material and the individual is thoroughly disgusted with the job. Time and patience are two necessary ingredients in all stain removal directions.

Small Grain Pasture

Cotton fields are ideal for small grain for pasture because there usually is about three inches of loose top dirt, which makes preparation unnecessary. If plowing isn't finished follow the pickers with the drill. The drill will not hurt unopened cotton nor will the wheat, oats or barley interfere with later picking, or late picking injure the grain.

YOUR DISCARDED CLOTHING MEANS HELP TO RUSSIA

Russia has been winning gallant victories all along the Dnieper River during the past few months and has recaptured thousands of miles of territory. In this regard, territory hundreds of thousands of persons have been under German rule for almost two years, and during this time have been able to obtain adequate clothing.

The Russians have been aiding us as Allies just as we have supplied them with materials to fight. They now need more than fighting materials—they need clothing for those people who have been recaptured from the Nazis. A large portion of the clothing you give in the Wayne County Salvage Committee's Discarded Clothing Drive will be sent to Russia. This National Drive starts November 22nd. Take discarded clothes and rags to your church or school. Do your part and clothe a family.

The Spirit of Thanksgiving

THE TRUE significance of Thanksgiving is not found in the thrill and excitement of the Thanksgiving Day football game... nor in the splendor of the groaning table or the gaiety of the festive occasion.

Rather the Spirit of Thanksgiving is expressed in grateful contemplation of the good fortune that has favored us,—which makes such things possible. For this we give thanks.

In such contemplated gratefulness the

SOCIETY OF GOOD NEIGHBORS

wishes to express its appreciation to the thousands of Detroit families, who—through their contributions of clothing, bedding, house furnishings and toys—have so materially aided us to bring added cheer and comfort, to the unfortunate, on this Thanksgiving occasion.

IMPORTANT

Suburban Detroiters may now call their local telephone operator... ask for number

10070

and request a Good Neighbor pick-up truck, without telephone toll charge.

Detroiters can reach us by phoning

Hogarth 8300

A. Dorothy... Beautiful, dainty design... \$29.75

C. Lady Low... 14k solid gold, 17 jewel movement... \$59.50

B. Kathleen... Unusually smart, 17 jewel movement... \$42.50

D. Nerve... Dependable 17 jewel movement, sweep hand... \$42.50
