\$1,000,000 Can't Replace These Eyes

Money dosen't mean a thing where your eyes are concerned. And in this day and age . . . especially with the strain of extra activity all around, you should be extra careful of your eyes. A little care and foresight will go a long way. If you feel that something is wrong . . have even the slightest doubt about your eyes . . . you owe it to yourself to have your eyes checked.
