

FOURTH WAR LOAN DRIVE SURPASSES HIGHEST HOPES

Total sales since February 2 for the high school were \$3,497.95 with a per person purchase of \$8.81. The grade school total sales amounted to \$3664.06 with a per person purchase of \$8.20. Total amount for grade and high school is \$7,161.01 with average per person being \$8.49.

Mr. Strobel's room leads in the high school with \$33.51. Mrs. Puvoze's leads in the grade school with \$25.42.

The maturity value of bonds purchased in the Fourth War Loan amounted to \$18,500.00, or the purchase of a \$25.00 War Bond and \$4.35 in stamps by everyone of the 514 students in the school system.

The recent sales are sufficient to purchase a Fairchild Training Plane plus two Amphibious Jeeps. "This is a fine achievement for a school of this size," said Mr. Ryan, who is in charge of the War Bond and Stamp drives. G.W.

F.H.S. Library Club Entertains Northville

Who were those eight distinguished looking young ladies who were entertained by the Library Club a week ago Wednesday? They were none other than the Northville Library Club.

Topics such as overdue books, difference in publishers, selection of war books, and magazines as references were discussed.

To end the afternoon the girls enjoyed a tea. —S.J.

Capital Events Marked By Dates

Thank goodness! We can expect in the future a release from that beautiful rotten-egg odor of hydrogen sulfide. The chemistry class has finished experiments with this gas, and hopes are high all around that no one has a make-up experiment to do.

Quite a number of people have seen those stencils which the chemistry class made, and the one of the boy with the brush haircut and bow tie has a resemblance to quite a number of people around here. They also have one of a ship, which is very clever indeed. The life of fifteen-year old Mary Tanaka, our freshman American-born Japanese girl, is interesting as she tells it to her English classes. The story covers her stay in the relocation camp at Hunt, Idaho, and her other activities since the war began.

March fifteenth! That date is on the minds of every American as the last day to file income tax returns. Mr. Chapman's mathematics class is having their share of the trouble, for they're learning how to figure taxes, too. —Z.L.

F.H.S. LOSES LAST GAME TO BIRMINGHAM

With the cheers still ringing in our ears we recall some of the tense moments of Friday evening's game.

Farmington's scoring lagged until the fourth quarter when they tied the score at 34-34. This tying basket was sunk by Cliff Streling, the high-point man for Farmington.

Kelley of Birmingham led in scoring with 19 of our opponents' 53 tallies. The final score of this game was 53-41.

Farmington's first opponent in the Tournament will be Redford Union on Friday night. If you can recall the last game with this team, you will have a prelude of what is expected this Friday night. —C.D.

Grade School Personalities

Joyce Ann Hall is another third grader with an unusual hobby! She is only eight years old and has a real horse all her own! She has been riding since she was seven. Joyce rides in either her riding habit or in her cow-girl outfit. That's quite an exciting hobby for such a little girl. —Barbara

Miss Betty Williams of Detroit was a weekend guest of Mrs. Trenna Banks. Mrs. William Lovejoy and her daughter of Standish are guests of her parents, Mr. and Mrs. A. L. Ross.

F.H.S. DEFEATS MILFORD HIGH 51 TO 44

In a wild, free scoring game with Milford, Farmington came out on the long end of a 51-44 score. Streling started the champions off with two quick baskets, and from then on F.H.S. held a good lead all the way.

F.H.S. ran up 27 points in the first half and held a comfortable 27-13 lead. In the last half they made 24 points for a total of 51, the highest they have ever made this year.

Cliff Streling and Rennie Bacon share top honors, each netting 16 points apiece. The game was exciting, and the boys on both sides were making all their shots count.

'TIS SAID . . .

Does anyone have an extra shoe stamp? If so, please hurry it to Bete AschenBrenner. She wouldn't want her to wear her stockings out dancing in her stocking feet. Fred, don't you have any control over that? Yummy, the Senior play cast certainly are lucky people—after every practice they indulge in a lot of goodies! Cake and cookies and ice cream. My, will they ever get fat! . . . Maude Mullen gave us a little scare. We thought she had appendicitis. Wouldn't that be horrible! . . . Say, Ruth, don't blow your top every time your "top" comes off in your Chemistry experiments. You know Corky and Rennie and the boys aren't used to that kind of language. The lovely spring day we had Saturday filled hearts with love and bliss. It's a good thing it wasn't a school day or there would have been a lot of droopy kids in classes! . . . We must end this little chatter. Even though it doesn't matter. We will come again next week. Because we never miss a beat. —Stella Lookin.

An easy way to SAVE COAL—

... turn out every other light!

If you operate a business establishment using electric lights for outdoor display, here is a simple and practical way to conserve electricity. The plan is already being followed by some users of electric signs, theater marquees, show windows, etc.

The Government asks you to save electricity in every way possible, to conserve fuel, transportation, manpower and other critical resources. Even though electricity is not rationed and there is no shortage in this area, SAVE voluntarily wherever you can, as much as you can.
