(Continued from Page Two) 3 to 4 cents on sides; 2 cents on loins, and 5 cents on shoulders. New collings on goat meat represent moderate reductions set by geographic zones. Highest-priced goat meat under the new order is "Cabrito" which sells for 30 cents a pound at retail. Soybeans of the 1943 crop to be processed for oil are \$1.56 a bushel for base grade and \$1.92 a bushel for highest quality. Prices for the 1943 fruit and vegetable pack will apply to this year's pack until a 1944 price is set. Yellow express lumber was increased \$3 to \$1, per 1,000 board feet for producers—to be passed on to consumers. A 2-cent-per pound producers' ceiling was set on all round Chinkwood

salmon and 24 cents on drawn Chinkwood, on catches in California, Oregon, and Washington (except Sacramento River catch) effective through March. New prices on alfalfa hay products mean an increase of about 15 to 20 cents per ton of feed consumption—for all states except California, Washington, Oregon, Nevada, Utah, and parts of Idaho. Farm Gasoline Ration Six-month gasoline ration for non-highway use on farms may be issued in installments rather than all at one time. As in the past, OPA has announced. If the local board has issued the farmer only or needs more gasoline, the farmer makes no formal application but simply asks the board for it. The board then either will issue the remainder of the total six-month

ration as originally determined or issue such portion of the remainder as the board decides the farmer needs for the rest of the six-month period. Armed Services Need Nurses An additional 3,000 nurses are needed for the U.S. Army Nurse Corps by April 1 to replace hundreds of army nurses being sent overseas in connection with plans for a European invasion. The American Red Cross, recruiting agency for nurses, reports that the Navy Nurse Corps, which has completely exhausted its reserve, also needs 500 additional nurses each month during 1944. Less Sugar For Civilians U.S. civilian supplies of sugar will be 6 per cent less than 1943 consumption, according to WFA, due to loss of sugarcane molasses for industrial alcohol. To increase needs of the armed forces and our allies, and to wartime shipping conditions. Round-Up Nearly 40 per cent of all vegetables grown for fresh consumption in the United States last year came from Victory gardens, the War Food Administration reported. . . WFA says that 52,000 Mexican nationals will be needed to help relieve the farm labor shortage in the United States this year. Approximately 14,000 are already in this country. . . Living costs for city families decreased two-tenths of one per cent between mid-December and mid-January, the Secretary of Labor reports. Although services continue to increase in cost, both food and clothing costs declined. . . OPA has granted Regional Administrators authority to recommend that slaughterers who willfully violate any OPA meat regulation be supplied in whole or in part of their subsidy payments. . . OPA suggests that retailers keep a reserve of one-point Green and Brown stamps on hand during the first week or two ration tokens are used, in case they have underestimated that week's needs. OPA has ordered a reserve of 200 million tokens to be ready not later than April 7. . . A food producer who wishes to get electric power extension for water to irrigate as much as five acres of land may apply to his County Agricultural Conservation Committee. WPB has announced. . . WPB has authorized the manufacture of approximately half a million enameled cold pack canners with a jar capacity of seven one-quarts, nine one-pints, or four half-gallons, to be available for this canning season. . . Rye is not a desirable alcohol-producing grain, and use of large quantities of rye for this purpose is not likely at present, WPB says. . . Because more batteries are needed for walkie-talkies, bazookas, signal lights, and other war equipment, WPB says there is little chance for an increased supply for civilians this year. . . WPB will permit limited production of seven-ton tractors for civilian use, but few of the new tractors are expected in retail stores before mid-year. . . Mr. and Mrs. Arthur Lamb were Sunday guests of Mr. and Mrs. George Page of Birmingham.

THE OLD JUDGE SAYS...

Cartoon illustration of a judge sitting on a bench, with a speech bubble containing text about prohibition and liquor. The text reads: "Somethin' special catch your eye in the paper, Judge?" "Sure did, Chet... an article here telling about prohibition in India being written off by the Madras government as a dismal failure after a three-year trial. They found out that enforcement was ineffective and that there was a steady increase in bootlegging and other violations of the law which increased penalties failed to check." "It all goes to prove what I've said and time again, Chet... prohibition doesn't prohibit. It's been tried in this country 47 times in the last 33 years and discarded everywhere except in three states. Was found to be a failure and abandoned in Canada, Norway, Sweden, Finland and Russia, too." "Some thing happens every time... as soon as legal liquor is sold out, bootleg liquor with its crime and corruption moves right in."
