Service Notes

March 9, 1944

Dear Editor:

I wish to thank you for sending me the paper. It gives me a chance to find out what is happening at home, and to the other fellows that are in service.

I received my basic training at Gulfport Field, Mississippi. I took my classification tests for the Army Air Corps Cadet training at Keesler Field, Mississippi. It was notified that I had qualified for further training as an Aviation Cadet, and shipped to my present station, which is an Air Crew Trainee Pool.

Here I am getting experience working around airplanes, plus a lot of physical training.

From here I will be shipped to a college which I hope will be up north.

Thanks again for the paper.

Sincerely,

Private Robert E. Godfrey,
 Lubbock, Texas.

Pfc Merle S. Cummings spent a short leave last week with his wife and parents. Mr. and Mrs. G. Cummings of Angling Road, Private Cummings is stationed at Fort George G. Meade, Maryland.

Recent graduation ceremonies at the Naval Training School (electric) on the Iowa State College campus, Ames, Iowa, saw Bluejacket Patrick T. Mahoney, 18, son of Mr. and Mrs. P. D. Mahoney, 18226 Shadydale, receive recognition as eligible to qualify for the petty officer rate of elec-

trician's mate third class. He is now a fireman first class.

Pfc Glen Myers, son of Mr. and Mrs. H. Myers of Norfolk Avenue, who entered Army service the same day as his chum, William Holmes of St. Francis Avenue, has just written from somewhere in Africa to say that after almost two years he and Bill have met and have had some talks of "back home."

St. Mary's College, California Hello there:

I wish to thank you very much for sending the Enterprise to me. It keeps me in touch with all the important events of the home town.

It certainly is good to see the successful season that F.H.S. had this year.

The surrounding scenery is very beautiful in this area, but as yet we have not had much of a chance to see it.

There is a wonderful orchestra made up of colored enlisted men, many of whom were with famous name bands. For instance, Lionel Hampton.

Thanks again for the Enterprise.

A/C Arthur F. MacCulloch.

March 13, 1944

Dear Sir:

Well I've been receiving the paper regularly and I wish to compliment you on your promptness. We're still at our same camp although we spent two weeks at Camp Atterbury. We had wonderful weather during our stay there.

We slept in pup tents and I still, after fourteen months, have not found a pup tent that doesn't leak. One morning we woke up at the late hour of 5:30 a.m. to find about 4 inches of snow covering everything. When it melted after the rain that afternoon the mud was ankle deep, and it

PIERCE
Watches
