Age: Sixteen
Attendance: Five and one-half years
Ambition: Research Chemist.
Hobbies: Piano and crocheting.
Activities: Freshman year: G. A. A.; Sophomore year: Commercial Club; Junior year: Class secretary; Senior year: Student Council.

Physical Fitness Meet To Be Held Here

At the meeting of the Southern Oakland County Athletic Association it was decided that the Physical Fitness meet will be held here in the Farmington High School Gymnasium April 28. Nine schools will compete. —A.L.

GENERALLY SPEAKIN'

The entire grade school and Junior High attended the final dress rehearsal of the Senior Play "The Mummy and the Mumps," Thursday afternoon, March 23. They apparently enjoyed it very much judging by the applause.
The Junior High Student Council will help plan this month's activity. Miss Craig sponsors a monthly party for the Junior High. A travelogue by Mr. John Hunt was presented to the Junior High Friday, March 24. He told of the experiences he had on his trip to England.
Janet Louys, Janet Pagel, Mary Pagenkopf and Ann Pierce are also on the last six weeks' honor roll for the Junior High. —M.D.

'TIS SAID ...

What do you think of taping mouths to keep discipline in the class room? If anyone wants to talk, just go to Miss Dammon's room and see what happens. . . . The mumps have left the school now along with a few of the pupils. It certainly was enjoyable having them around. . . . "May I have your autograph?" were the words going around last Friday in the study halls—the Senior cast and class members were signing the programs. . . . For all who don't know, remember, with an early date you're never late, so take a chance, on the Senior Prom Dance. . . . Cute little Racker seemed to steal the hearts of the little grade school admirers last Thursday—they probably want to make a "bell hop" their life ambition now. . . . Too bad you Stage Properties guys wouldn't come out for a curtain call. The cast wanted you, because you did such a swell job. That means Oscar Auten, Bud Boyce, Leo Hubert, Jack Hagedorn, and Fred Karpusky who helped Leo lug all the stuff home Saturday. . . . It looks as though a certain Sophomore girl's heart belongs to a sailor—that sailor was your latest heart throb, wasn't it, Naomi? . . . Well, girls—here's the chance you've been waiting for, a chance to take advantage of Leap Year and ask a man to the dance. Let's see, it's called the "April Fools Leap" Girl Bid—get busy on the invites, gals. —Stella Lookin.

Freshies' Party Is Good Fun

After much delay, through no fault of their own, the Freshies finally had their dance Saturday night. Master of Ceremonies, Bob Neff, had quite a time getting the program together, but it was well worth the trouble—especially those jokes told by Benny Banghart (even if he did have to pay the boys here in the Farmington High School Gymnasium April 28. Nine schools will compete. —B.A.

HOME EC GIRLS ARE BUSY ON NEW PROJECTS

Upon finishing their personal grooming unit by studying color harmonies for each individual girl, the Home Ec 1 girls will study writing letters the correct way, making conversation, and correct table manners.
As a project for the grooming unit, the girls made notebooks on personality and charm.
The Home Ec 2 class has started studying spring clothes, mainly those made of rayon and wool. The Fashion Show, to be given by the Home Ec 3 group, is really getting under way. In the first week of April, the show will be presented to all the high school girls.
On Tuesday last week, the girls gave a St. Patrick's Day dinner for all the high school teachers, which they prepared themselves. —L.L.

The three top scorers for Farmington's basketball team this season were Renne Bacon with 174 points, Cliff Streling with 126 points and Fred Hamlin with 121. These boys scored a total of 421 points. To them goes a "Thanks" from the student body and the entire community.

How's the ROOF OVER YOUR HEAD?

How long is it since you examined your roof? Why not take a good look today! Are any shingles missing, badly worn, or cracked? Is the plaster on your walls water marked? That's where roofing trouble shows. Leaks trickle down between the walls — then redecorating often costs more than a new roof! Let us send a competent man to examine your roof. If repairs are needed we will give you a free estimate on FLINTKOTE materials. See these handsome shingles today. Their low price will surprise you.

Sometime ago there was a small sign on the highway between Trenton and Toledo, giving the name of a town in one of our southern states, and underneath the name of the city it said,

"17 CHURCHES"

Nothing more was added, nothing more needed to be added: for that meant a small city with 17 Churches was a good place to live.

Help YOUR City To Be a Good Place To Live

Gosh, I wish we had an ELECTRIC DISHWASHER to make your work easier!

You can't really blame the man for wishing . . . especially when he does the washing. Even those fortunate husbands who merely dry the dishes are good prospects for an electric dishwasher. This electric appliance washes and DRIES dishes—eliminating the most disliked of all household chores. And dishes are much cleaner than when dried with a dish towel.

Someday you'll again be able to buy a dishwasher and all the other electric appliances that make life more enjoyable. Until that day arrives, put every penny you can spare into War Bonds. War Bonds are the key to your post-war treasure chest. They are assurance that tomorrow's electric servants will be yours.
