Mr. and Mrs. Norman Barrons visited Mr. Barrons' mother at the Thompson Home in Detroit Sunday.

Different Coatings
While fluorescent and phosphorescent paints are both luminous, they differ in that the duration of fluorescence ends when the exciting energy source of ultra-violet "black light" is cut off, while phosphorescence continues without light.

Announcing
TWO NEW DU PONT
DUSTS
to fight Insects
and Plant Diseases
at the same time

Now you can control both insects and plant diseases at the same time. DU PONT POTATO DUST and DU PONT GARDEN DUST are combination insecticides and fungicides. These two new dusts were developed especially by Du Pont for home and farm gardeners. They can be used as either sprays or dusts, contain no lime or other harmful diluting ingredients and can be effectively applied at any time of the day—plants need not be wet. A 5-lb. bag will dust 5,000 square feet of garden or make 27 1/2 gallons of spray. Order your supply now. Ask for free literature!

THE OLD JUDGE SAYS...

"Quite a stack of newspapers I left you yesterday, Judge. Aren't you in the newspaper business, are you?"

"No, I just enjoy reading different papers so my nephew George sends them to me whenever he takes a business trip. I got a big kick out of some he sent me from several counties where they still have prohibition. Particularly from some headlines that read 'Drunk Driving Arrests Rise'."

ANY FUNERAL AND DESIGN WORK

"... and I'd just lie back and the house would run itself..."

PICTURE YOURSELF in a magic new world... where housekeeping is easier than you ever dreamed possible...

Where you'll have a marvelous new kind of Gas heating unit that keeps your home not only warm in winter but washed by cool, fresh air in summer—all without a thought from you... where amazing new improvements in Gas refrigeration and cooking save hours of work... where hot water galore makes life easier and happier every time you turn the tap...

Only a fancy? Not a bit! Tomorrow all these things will be possible—and more too—in practically every type of home.

For right now in the laboratories of the Gas industry, engineers are working on many miracles of better living... all made possible through the magic of the tiny, blue Gas flame... the flame that cools as well as heats!

Today Gas is speeding war production. Use it wisely.

But tomorrow it will make your home a more comfortable place than you ever dreamed it could be. Why not hasten the day when you can enjoy these good things—by buying all the War Bonds you can?

THE FLAME THAT WILL BRIGHTEN YOUR FUTURE...
