Ten Years of Service

As we reach the tenth anniversary of the establishment of this bank, we are particularly proud of two things:

The growth of the bank from its original resources of \$62,500 to the present status of nearly a four million dollar institution;

But we are even more proud of the service which we have been able to render in this community through offering every desirable banking facility and assisting in the prosperity of the community. A comparison of figures on our opening day, May 19, 1934, and the present, follows:
