Grown Leisurely
Late spring pigs can be grown
leisurely with pienty of pasture.
They can hog down corn in the fall,
glean stalk fields, clean up after cattie and be ready for market the following March after the hog runs
are over. If the spring pig crop appears to be excessively large, the
newly bred sows and gits can still
be sold on the market.

insect-Free
No diseases commonly attack soybeans, and they are relatively insect-free. Except cultivating during
the summer, they are practically
care-free.

Essential Oils

Essential oils include citronella
temon grass, and vettiver, basic temanufacture of menthols, perfumes
insect sprays, etc.
