Improved Drainage
Improved drainage, supported by the right cropping and good cultivation, doubled and even tripled yields on farms in eastern Maryland, according to reports received by the U. S. Department of Agriculture. A good crop every year is now expected, instead of about once in three years on poorly drained land. Increased production of ordinary farm crops will pay the cost of drainage installations in only a year or two, it was found. Costs amounted to between \$10 and \$30 an acre. Better-paying crops, such as fruit and truck crops, were suitable to much of the land after it was under drainage, adding substantially to the food supply as well as to the farmer's income.

Lighter Loading
From 20,000 to 35,000 board feet of lumber, depending on weight, bulk and measurement, may be loaded into a box car.

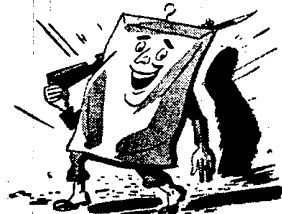

Refuel When Necessary

Every car owner knows that his running efficiency is no better than the quality of gasoline he uses. There is longer life in store for your motor if you buy only the best.

MARK TWAIN: Boy of Old Missouri — Miriam E. Mason. Every boy thrills to the adventures of that pair of immortal youngsters, Tom Sawyer and Huck Finn. If you have not read them yet, you will, and you will enjoy them all the more. If you have read this book.

Of course, their names were invented by the very great American who writes their stories: Mark Twain. But the adventures really happened. They happened to the boy Mark Twain himself and his friends.

Here is the story of his own boyhood. Mark Twain was just his writing name; you will find out why he took it. His actual name was Samuel Clemens, and everyone called him Sam. Never was there a boy more full of mischief, more full of curiosity about everything.

This account of Sammy Clemens begins when he was four years old and his family was living in the little village of Florida, Missouri. But the real adventures started two years later when they moved to Hannibal, Missouri, on the bank of the wide and wonderful Mississippi River. What a place for a boy to grow up! What exciting opportunities it offered! All sorts of boys' games by day; the haunted island and where you could dig for pirate treasure; the river cave.

Mark Twain: Boy of Old Missouri is one of a series of books about the boyhood of great Americans. They reveal the qualities which, developed in manhood, were to make these men great. For all children they are a simple, lively and delightful introduction to important characters of our history or literature. These famous figures become genuine friends, youngsters like themselves.

THE PRIMER OF AMERICAN ANTIQUES — Carl W. Drepper. Here is a book as useful and attractive as a Hitchcock chair. It's a handbook of antiques, popularly priced, completely up to date, and lavishly illustrated. It tells the collector what he is buying, the home owner all he wants to know. With 1200 graphic drawings and a big glossary listing 2200 separate items, it is an indispensable guide to American antiques.

Each article is concisely described and illustrated on the same page. It thus becomes very easy to identify a Hepplewhite table from the drawing beside it. Scattered throughout the text are pertinent historical anecdotes.

The furniture section — by far the largest — discusses tables, chairs, settees, forms, stools and chests from all periods. The balance of the book is devoted to a fascinating miscellany of antiques, including American pewter ware.

**Save Milk
and Raise Good Calves
with Ful-O-Pep**

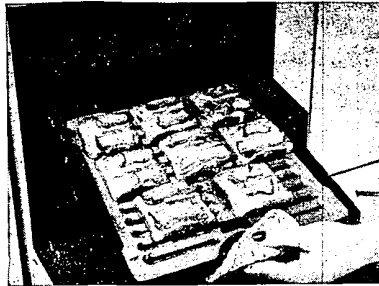

Dairymen everywhere are turning from whole milk feeding to vitamin-rich Ful-O-Pep Calf Starter to help them raise sturdy, productive heifers. They find the calves are bigger and more rugged, their coats smoother, and there are fewer "heavy middles." Also they usually have less trouble from scours and digestive upsets.

Ful-O-Pep Calf Starter helps you raise such sturdy, robust calves because it is built around wholesome, nourishing oatmeal, nature's prize grain for sound growth and development. What's more, Ful-O-Pep is fortified with special vitamin rich sources such as Concentrated Spring Range, Nature's Richest Vitamin Combination. One pound of Ful-O-Pep Calf Starter saves up to 10 pounds of whole milk in feeding calves. See us today for more information about the easy, economical Ful-O-Pep Plan.

BROILED SANDWICHES MAKE A HIT

Broiled bacon and cheese sandwiches are a tempting sight, and "out of this world" for eating delight. What's more, they may be partially prepared in advance, and finished off in short order when the hungry crowd arrives. Broil the sandwiches slowly, and serve them piping hot.

weather vane, pottery, circus posters, lithographs, postage stamps and clocks. Mr. Drepper, who has spent the better part of ten years preparing this book, is himself a collector of wide experience.

HOOVER BOY — Jean W. Whitcomb Riley. Minnie Belle Mitchell. When James Whitcomb Riley was born, his brother, Johnny, promptly nicknamed him "Bud." The name stuck. This is the story of Bud Riley's happy boyhood in the little town of Greenfield, Indiana, from his birth in a little two-room cabin till the glorious day when his father came home from the Civil War.

Bud was a lively boy, always ready for fun, and if there wasn't any going on he was able to start some. Almost as soon as he could talk he was making up rhymes and jingles. And then he was drawing and painting, and reciting pieces, and putting on shows, and comically imitating children or grownups, making fun for everyone. He had imagination and he was just as original as he could be.

When the Civil War came and the men and older boys of Greenfield marched away, there was plenty for the youngsters to do at home. In those dull days the boys were glad to hear Bud Riley speak a funny piece or clown a little—they need a laugh now and then. Minnie Belle Mitchell grew up in Greenfield too and she married a man who had been Riley's playmate. She heard the tales and often told about the pranks of their youth. She knew all the boys and girls who were his close friends in the "airy days."

WEST POINT PARK

By L. A. Ault

Mrs. Charles Funk, who sustained a serious arm injury in a fall ten days ago, was able to be brought home from the hospital Friday evening and is believed to be getting along nicely.

Little Donald Kauranen of Mayfield Avenue, who was believed to be getting better after a severe illness, has had a relapse and is again confined to his home.

Darrell Middlewood, second son of Mr. and Mrs. Howard Middlewood, was ill all of last week but hopes to be able to return to school this week.

A baby daughter was born to the Grapts on Farmington Road on Thursday, January 25th.

An eight pound daughter, Janet, was born to Mr. and Mrs. Herman Shult of Shadyside Avenue in Mt. Carmel Hospital Wednesday, the 25th.

Mrs. Charles Davis, of Farmington Road, was called to attend the funeral of an aunt in Detroit on Thursday.

Mrs. Howard Middlewood, who has been ill for some time, is now considerably improved.

Clyde Buckingham has been suffering from minor, although painful head injuries received when his car slipped and slid into a ditch while he was on his way home from work one night last week.

Alice Jane Vance called at Henry Ford Hospital Friday.

Mrs. Marvin Addis and Mrs. M. E. Ault spent Friday shopping together in Detroit.

Miss Ina Mae Tallman, Mayfield Ave., was the guest of Mrs. Gordon Cameron in Redford Saturday afternoon.

Mrs. Margaret Cameron, who was on the sick list several days is much improved and was able to visit down in Redford the latter part of last week.

Mrs. Ralph Voorhees entertained a few friends informally at her home Thursday evening.

A tobogganing party was in order for the Vardalos of Shadyside Ave., and some of their friends on Saturday evening. Miss Nancy Varhol accompanied some of the folks back into Detroit where she planned to spend Sunday visiting with them.

Miss Marion Lee Johnson, from over on Clarita Ave., spent Tues-

day had themselves chosen and practiced together.

A Detroit minister will preach at the Vesper Meeting in the Neighborhood Church next Sunday evening, Feb. 4th, at 6:30. Several features will mark this as a special occasion.

As a patriotic measure, for the sake of conserving coal and electricity, the Boys and Girls Group, working in connection with Neighborhood Church activities, has lately been meeting in the home nearest the church Friday evening. They will return to the church as soon as the days become sufficiently lengthened and the weather more mild. At last Friday night's service, the Happy Birthday salute was given Miss Alice Vance who had just celebrated her tenth birthday. The boys and girls will have their annual Valentine exchange on Friday evening, the tenth.

Lewis Carter, son of Mr. and Mrs. Freeman Carter, and who was recently inducted into the Navy, is now stationed at Great Lakes Naval Training School. Many of his young friends in West Point Park heard from him this last week.

Bill Owen, second son of Mr. and Mrs. Albert Owen, Mayfield Ave., is now home on leave, and with his wife and little daughters, is expected to come out from Detroit this week and spend several days with his parents. At the close of his visit Bill will go on to Chicago where he will remain for two months before being transferred elsewhere.

It is reported that Dell Tallman, now with other Marines at ocean-

side, Calif., is planning to make a special visit home next month.

Mrs. Emerson Ault is looking forward with much expectation to Feb. 25th, when her two sons, 8/Sgt. Robert M. Hunter from Clovis, New Mexico, and T/Sgt. Forrest E. Ault from Sarasota Field, Fla., are expected home at the same time. This is something the brothers have never before managed.

Also Mr. and Mrs. Clinton Ault are hoping their son S 1/c Wayne M. Ault from Crows' Landing, Calif., will be able to obtain a leave bringing him home the same week his cousins arrive for their visit.

Defrost Refrigerator

Heavy frost on freezing coils acts as a blotter and cuts down effectiveness. A speedy defrosting method is to turn off the mechanism, fill ice trays with hot water and let frost drip into the tray below, which has been emptied of food. In 15 or 20 minutes the frost will have loosened.
