It is Further Ordered, that public office thereof be given by publication of

Clean Rags
Cloths that have been used to polish furniture or to apply wax can be cleaned by soaking in sudsy water to which a small amount of kerosene has been added.

Frovide Shields
Give a new dress small underarm shields and a back shield.
These keep off perspiration and
body-oil stains. A back shield, even
a thin one, gives some extra
warmth.

4 MINUTES=ONE KILOWATTHOUR . perison of the nations' living standards is based on the emount of work required in the various countries of the world to purchase comparable merchandise. The following table, based on pre-war wage scales, shows the number of minutes work required of unskilled labor to purchase one kilowatthour of electricity in 12

United States 4 minutes	Hunge
Holland 12 minutes	Belgiu
Rogland 18 minutes	Brazil
France18 minutes	Argen
Germany18 minutes	Urugu
Austria 24 minutes	Chile.

30 minutes tina31 minutes ıay36 minute

America leads the world in the electrical standard of living, as she leads in so many other ways!

Wasting electricity is wasting badly needed coal

SAVORY SAVING ... This recipe for using up "leftover" roast beef is highly recommended by our Home Service

caps sifted flour 4 tsp. belling powder

Sin dry migodiscus rogeties, can a statistical, and milk to make a soft dough. Roll to \(\frac{1}{2}\)-inch thickness and spread with mixture of ground leftover roast beef, finely diced cooked potatoes and finely minced onion. (This may be moistened slightly with white sauce or leftover gravy.) Roll like a jelly roll and cut into one inch slices. Bake in multin para at 450° F. for 12 to 15 minutes. Serve with

CARE OF CORDS ... It is always important to take or of your electric appliance cords—and particularly so in wartime. These simple instructions will extend the life of your cords: Keep them free from oil, moisture and grease; avoid kinking and knotting; keep them away from sharp edges and hot appliances. Do not hang nem over nails. When disconnecting them from ou lets, greep plug firmly—don't jerk cord.

Bon't waste electricity! Conserving it saves coal
