Civilians At War

The Government needs and asks
its citizens in this 168th week of
the war to:

1. Hold series "A" Bonds (the
"Baby Bonds") that went on sale
in 1935. The Government needs proceeds
when they begin maturing March
1st. War bonds offer the same in-
terest: \$4 for every \$3 invested.
2. Look for dollar-and-cents price
ceilings posted in your shop re-
garding such services as are now
under official control.
3. Place specific orders now for
fertilizers and insecticides for
farms and victory gardens. Trans-
portation and manpower shortages
may seriously delay deliveries.
4. Use V-Mail and help share
overseas cargo space. Shipments
of whole blood and typhus vaccine
urgently need the plane facilities
V-Mail will save.

Household Fats To Rescue
Householders of Toledo and Farm-
ington are asked by the War Food
Administration to come to the rescue
of a wartime program. WFA states that it is looking
largely to the people in agricul-
tural areas to increase the quan-
tity of salvaged fats this year to the
25,000,000 pounds needed to meet
United States military, indus-
trial and civilian requirements.
Last year housewives turned in
170,000,000 pounds. M. L. Wilson,
director of the Extension Service,
has called upon all state directors
of the service to enlist the aid of
their field forces in helping to
speed the drive for used fats turn-
ed in from rural areas. WFA ad-
vises and asks all housewives to
keep a tin can in a handy spot in
which to pour used cooking fats.
When the can is full the fat-can
and all—should be taken to the
local market where the butcher or
grocer will pay two red points and
up to four cents a pound for every
pound turned in. Salvaged fats
are used to help make munitions,
medicines, synthetic rubber, mili-
tary and civilian soaps, parachutes
and a score of other wartime ne-
cessities.

DELOS HAMLIN, Mayor

HARRY W. MOORE, City Clerk

Commissioner of Internal Revenue,
made the following statement
today:

"Husband and wife exemptions
—The new law requires that if a
husband and wife file separate re-
turns, each must take his own ex-
emptions on his or her own return.
Both exemptions can be claimed
on the same return only if (a)
they file a joint return, or (b) if
one of them had no taxable in-
come and was not the dependent
of another taxpayer. In applying
this rule to wives of men in the
armed forces, it should be borne
in mind that the tax laws exempt
and disregard the first \$1,500 of
active service pay received each
year by a member of the armed
forces. The result is that most
members of the armed forces
have no taxable income, in which
case their exemptions can be
claimed by their wives.
"Income of minors: The new
law provides that the earnings of
children shall be considered to be-
long to the children, and not to
their parents, for purposes of the
Federal income tax. As a result,
minors who had \$500 or more in-
come last year must file income
tax returns the same as adults.
Therefore, parents need no longer
include in their own income tax
returns the earnings of their chil-
dren.
"Income under \$500: Persons
whose income last year was less
than \$500 are not required to file
income tax returns, but freedom-
ly will find it advisable to file. In
the case of a single person who
had less than \$500 income from
which tax was withheld, the filing
of a return will bring a refund of
the tax which was withheld. In
the case of a married person who
had less than \$500 income, when-
ever or not any tax was withheld
from it, the person should file a
