

Simple Treatment
Make the treatment fit the stain and try simplest methods first. Many fruit and other food stains can be sponged out with cold water. If that doesn't succeed, try lukewarm water, and—if it needed—a little mild soap.

Bonds Over America

CAESAR RODNEY

After a ride that rivals Paul Revere's, Caesar Rodney broke a tie vote in Delaware's delegation to the Continental Congress at Philadelphia on Sept. 26, 1776, for independence. Late on July 1, 1776, he arrived here after galloping a revolt in Sussex County where he received urgent summons to Philadelphia. Mounting a horse, he rode through the night and arrived in the northern city in time to vote Delaware with the other colonies backing the resolution. That spirit of service animated Delaware people in buying War Bonds today to insure liberty for future generations.

A letter received this week from Captain William C. Prisk, by his wife, Marjorie, of Middle Belt Road, enclosed a citation awarding him the Silver Star for "gallantry in action."

The citation, awarded by Command of Brigadier General Frank L. Culin, Jr., 8th Infantry Division, reads: "William C. Prisk,

Captain, Headquarters, Third Battalion, 8th Infantry Regiment, for gallantry in action against an armed enemy of the United States near ... Germany, on 6 February, 1945. When his battalion was prevented from advancing by the enemy fire, Captain Prisk, exposing himself to a concentration of artillery and small arms fire while riding on top of the leading tank, successfully directed the employment of a platoon of tanks in the attack. During this action he was wounded, but refused to be evacuated until assured of the success of the attack. Captain Prisk's gallantry, outstanding leadership and devotion to duty are in keeping with the traditions of the United States Army. Entered military service from Michigan." Captain Prisk was wounded in the back by shrapnel, but returned to his unit two days later, on February 8. He also received the Purple Heart.

Dear Sirs:
Once again I am writing you to inform you of a change of address. I have been here quite a while, but didn't know how long I would be here so I didn't write you before. We are stationed here temporarily. We are supposed to move in the near future but they have been telling us that for the last two months so we don't take it too seriously. I have only received two papers since I have been here and both of them are January papers. The rest of them are on the way but I don't know when they will reach me. Soon I hope.

It sure was swell to receive those two issues of the paper. I have been wondering what has happened to the fellows I have known in Farmington and the paper tells me where a lot of them are. It does a fellow a lot of good to hear about the things that are taking place in his home town, and the town paper is the place to find out.

Thanks very much for sending it to me.

Respectfully yours,
Joe Meyrelles.

Dear Sir:
Just a few lines to give you my new address. It is a wonder that the paper does follow me up. I have been moved around and finally across the pond. I didn't lose a meal on the way, but I sure felt like it. Other than that the trip was peaceful.

I have been, through several towns and they certainly do not look healthy by any means. The weather and land is much like home but I am slightly mixed up. The sun comes up and goes down in the wrong direction, that is when it does come out. It was out today, though, and it certainly felt good.

Well that is about all I can think of right now. The whistle for the movies just blew so I think I will finish this in a hurry and take off. Thanks a million.

Yours truly,
Pfc Wilmer Krockner.

Dear Sir:
It has been some time since I wrote you and thanked you for sending me the Farmington Enterprise.

I have been getting it regularly every week since I have been in Texas. I really enjoy reading of the things that happen around Farmington.

I thank you for sending the paper once again.

I will say hello to all the boys all over the world. Nice going, fellows.

Yours,
Cpl. Herbert Barnum.

prize. Now I want to thank you for the quick reaction I got. I'm now receiving it regularly here in the Heinke's re-called father land. Mail service nowadays is something!

I imagine the good old town has changed somewhat, that's expected, but I'll bet its people haven't changed. They'll always seem the same.

I'm in an Armored Division and we're part of Patton's Third Army. That's about all I can write.

It will be a wonderful day when we wind this thing up. The Heinke's can't last forever, and I don't believe there will be anyone more happy than myself. I'm looking forward to returning to the sweetest town I know of, for that's where I belong. Again I thank you for the paper service.

As always,
Dick Davidson.

Dear Sirs: Have been receiving your paper, but rather late. This is March and the latest paper I have is September last year. It's still interesting because I find in it letters and notes of the fellows I went to school with.

Last month I met Bob Banks while in Paris, the first fellow I've seen from Farmington in a long time. We had lots to talk about, of other boys in the service mostly. He is in the Infantry and was in the hospital for a while, I'm glad to say he is all right now.

I spent a short pass in Paris

Dear Sir:
I sincerely regret not being able to write and thank you for the Enterprise, being moved around over here so much made it impossible.

Since we are not allowed to write about operations, the only subject left is the weather.

I can now see why Kipling wrote about mad dogs and Englishmen. The heat is terrific.

Again I wish to thank you for your paper. You have no idea how much we look forward to receiving it.

Sincerely,
Jim Maloney.

Frances Bacon of the Army Nurse Corps, and Ruth Kripko, WAC, recently spent a Sunday afternoon together in Paris.

THANK YOU

I wish to thank the residents of Farmington, who supported me for Commissioner, in the recent City election.

**CHANGELESS
In a Changing
World**

Today the world is a scene of amazing changes. Wartime restrictions show their influence in every sphere of life. Even marriage customs are altered to suit the expediency of war. There are furlough weddings in double time ... a scant and simple trousseau.

But with all these innovations it is good to remember the changeless beauty of genuine Orange Blossom rings whose perfection admits of no change—whose excellence is everywhere recognized. And best of all, these quality-fine rings are surprisingly economical to buy.
