THE OLD JUDGE SAYS...

"That's news to me, Judge. From the way some people talk you would think it was at least 50%."

"No, Clem, there's the statement right here in the paper... from authorities who have made an exhaustive study of the subject. Only about 5% of the people who drink occasionally abuse the privilege... 95% drink sensibly."

"No wonder you say it wouldn't be fair to take the privilege away from the other 95%, Judge. I agree with you."

"I can't see it any other way, Clem. No

more than I could see taking automobiles away from everybody because a few drive recklessly and have accidents. Or preventing the making of cake or doughnuts because some folks eat too much and get indigestion."

"In the case of spirit beverages, the answer is one of education and better control."

"As a matter of fact, the responsible members of that industry are working constantly toward that end. They don't want folks to abuse the use of their product any more than we do."
